November 4, 2011 for all

The appellant, Leonard Anderson, was given a Legislative Hearing date of November 15, but he said he could not make that date. Then, appellant was given a Legislative Hearing date of November 22, 11:30 a.m. He said he could not make that date either; however, staff told him it had to be scheduled for November 22. Later, after conferring with the Legislative Hearing Officer, staff called and attempted to tell appellant that his hearing for November 22 will be laid over to December 6 if he is unable to attend and the City Council public hearing will be December 7, but appellant said he was "on another line" and then appellant discontinued the call before this information could be conveyed.

A note will be sent to appellant's house informing him that the appeal can be laid over to December 6 if he cannot make November 22 and the City Council public hearing will be December 7.
