Appeal of Kathryn Christopherson, on behalf of International Institute of Minnesota, to a Fire Certificate of Occupancy Inspection Correction Notice at 1694 COMO AVENUE.

We removed the door years ago because its placement resulted in a safety hazard to person's walking past the doorway. The stairwell is between the reception area and the first floor bathrooms and provides access to a lunchroom utilized by students. The doorway would open onto an area that has heavy traffic and would present a safety hazard.
