WHEREAS, the Council further finds that in order to protect the general health, welfare and safety of the public pending the conclusion of the said potential MPHPD study, the Council desires to immediately prohibit the issuance or approval of zoning permits, site plans, lot splits, plat approvals, building and permits for the demolition, in whole or part, of those specific properties in Ward 4 identified in Exhibit 1 of this resolution.or occupancy certificates for specific sites which are within that potential MPHPD study area, as identified in Exhibit 1 to this resolution, until such time as the potential MPHPD study has been completed and the Council of the City of Saint Paul has taken action on the recommendations contained therein:
