Appeal of Patrick Her and Felicia Xong Her to a Re-Inspection Fire Certificate of Occupancy With Deficiencies at 595 WELLS STREET.

This is a stucco home and this window was there before I purchased the property. It only has enough space to put a double-hung window with the size of 15.5 inches openable height and 25 inches openable width. It is impossible to put in a bigger size window or the recommended size of window for this space without tearing down the stucco and other metal structures surrounding it. Therefore, I would like to ask for an exemption from this order. (paraphrased)
