**Community Engagement Questions**

- What are the overarching goals for the CIB process related to engagement?
- Who is ultimately accountable for the CIB community engagement approach? What changes might need to be pursued in the future?
  - How is ownership currently shared and how should it be shared between the Departments (including Public Works and Parks & Recreation), Mayor's Office, OFS, and the community?
- How are CIB committee members acting as community ambassadors? How might the City better support their work?
- How are district councils and other organizations in the City involved in the community engagement work?
- What additional tools would help with CIB community engagement?
- How can the application process continue to be adapted to meet City and community needs?
- How can the City balance a data-driven approach and ongoing needs around community engagement?

**Equity Questions**

- In what ways could the CIB process be adapted to focus funding more equitably?
  - What does it mean for the community process funding to be equitable?
- How might the CIB process be evolved to move from a complaint-based or a process-knowledge-based orientation?
- How can everyone assembling the CIB process work toward centering community more in the process so that it does not feel as much like an 'insider' process?
  - Where are there opportunities for departments to work together to support the community process?
