You don't often get email from jteekasingh@yahoo.com. [Learn why this is important](#)

Attached is the note I sent to the building inspector.

Thank you,

Jas

Subject: Permit #20 24 070604

Good Evening Ms Holliday,

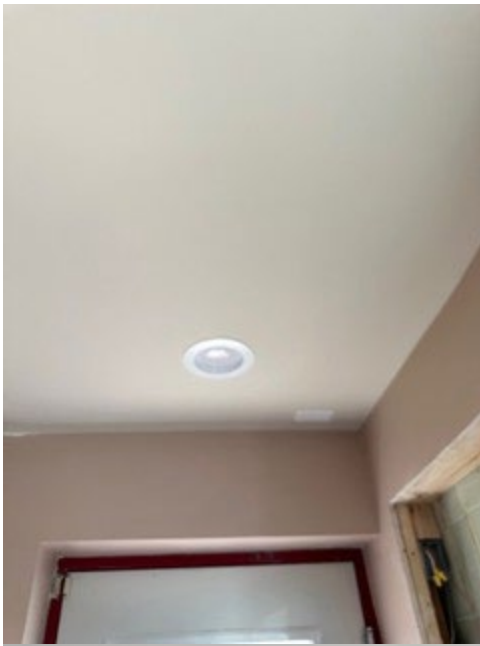

This note is being cc to my attorney regarding the urgency I feel the order to remove my certificate of occupancy because a permit has not been closed. We have operated our business in St Paul since 1999 and I have had a good working relationship with the city. and would like to continue to do so.

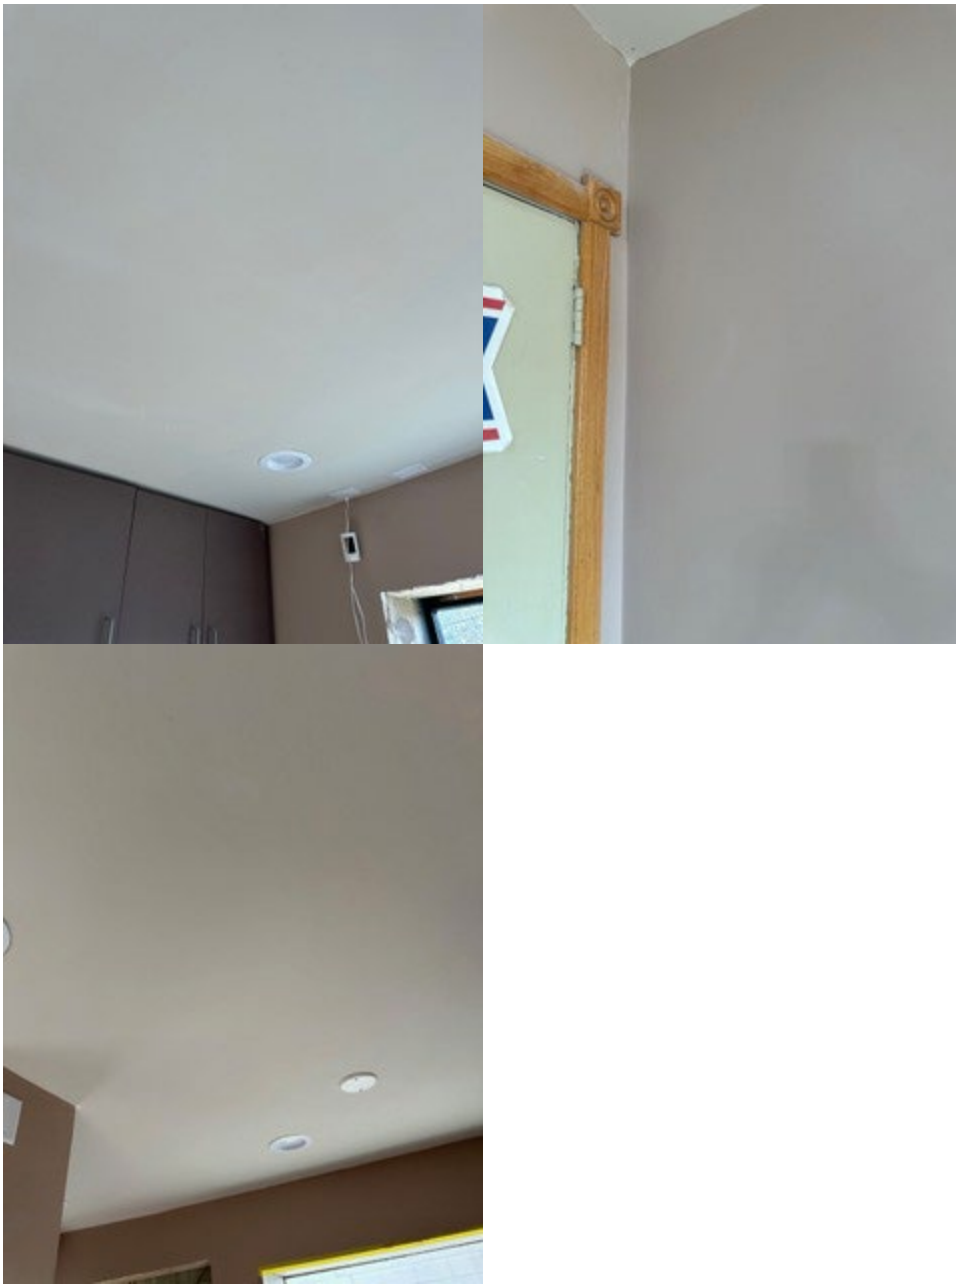

I hope the information I have included is sufficient to close the permit out.

I had sent you the photos, but it was sent to the wrong email address. Mr Schmidt had spoken to you but he did not tell me that you did not get any of the photos we had agreed that you needed to close the above permit out.

I sent a note earlier today but I am not sure if the attached photos were included because the note was a forward, and it seems as if the attachments have not been sent. As a result, I am composing a new note and re-attaching all the photos.

These are photos of the items you requested.

These are the work in process showing the sheet rock which was use along with the screw pattern.
