To Whom it May Concern,

As a property owner living at 1014 Earl St (ID 28-29-22-13-0062) I object to the Earl Street Reconstruction project. I feel it places unnecessary financial burden on the already highly taxed St. Paul residents in a low income neighborhood.

As a former bike commuter and current bike rider I don't feel it's necessary to add another north/south street with bike lanes. Additionally, the previous owners of our property told us they were assessed for sidewalks while living here. These sidewalks will be torn up and replaced during this project.

I feel this project is not needed at this time. Even if it could be paid for without assessing residents on or near Earl St, I believe there are other streets that need attention prior to Earl (7th Street being one of them).

Thank you for your consideration.
