LEGISLATIVE HEARING DISCUSSION ITEM

- 26** [RLH VBR 25-26](#) Appeal of Brett Johnson, tenant, to a Vacant Building Registration Requirement at 1514 CARROLL AVENUE.

Appeal denied.

Brett Johnson, resident, appeared in person

Marcia Moermond, Legislative Hearing Officer: This is an appeal of a vacant building registration. The building was condemned and did not have water service. The owner had left due to a hospitalization and is now in a care facility. There is no responsible party who can address conditions and make the space habitable, so it should be in the vacant building program to the point that a code compliance inspection has been conducted and all items are addressed in the subsequent report. The appellant has been living there without an official rental agreement. There was an order for the resident to move out and to secure the property on May 13, 2025. All that's in front of you, though, is the vacant building registration. There are issues of standing, since the appellant is not the owner paying the fee or rehab costs.

Council President Noecker: How is eligibility to appeal determined?

Moermond: We like to be generous in these types of situations.

Brett Johnson: I've lived here for over 10 years. I consider the owner to be my aunt. She moved into a care facility recently. I have done plenty for her over the years in exchange for rent. Her sister is a friend of mine, and she is the power of attorney for her. She has not expressed interest in evicting me. I would like to leave today if I could, but it's hard. Our water was turned off by the Department of Safety and Inspections (DSI) without any opportunity to ask a question or make things right.

Councilmember Bowie moved to close the public hearing. Approved 6-0.

Bowie: I move Moermond's recommendation to deny the appeal. The space is not safe to be living in.

Councilmember Privratsky: When is the effective date?

Moermond: The notice to vacate the property was posted on April 4, with the vacate date of April 11.

Assessment ratified and made payable over 3 years.

Jeff Lindbeck, owner, appeared in person

Marcia Moermond, Legislative Hearing Officer: This is an appeal of a special tax assessment for a vacant building registration in the amount of \$2,618. It covers August 8, 2024 through August 7, 2025. We are 10.5 months into the year being assessed here. Last year I recommended that Council grant a 3-month waiver on the fee, but it was not done in that time period. My recommendation is to approve the full assessment and make it payable over 3 years.

Jeff Lindbeck: I've been an owner and landlord here for 20 years. I work hard to make this a safe space to live. I always try to follow the rules. I've been working with the insurance company to get estimates, which took until November. Then the contractors saw those estimates and they thought the property might need more work than what was estimated. There were a lot of issues here. I'm trying to keep the place as clean as if someone is living there. I would appreciate any relief.

Councilmember Jost moved to close the public hearing. Approved 6-0.

Jost: I move Moermond's recommendation.

36 [RLH RR 25-16](#)

Ordering the rehabilitation or razing and removal of the structures at 692 SIXTH STREET EAST within five (5) days after the June 18, 2025, City Council Public Hearing.

Removal ordered within 5 days.

Mark Ciccarelli, owner, appeared in person

Marcia Moermond, Legislative Hearing Officer: My recommendation here is to order the building removed within 5 days with no option for its rehabilitation. I am asking for a shorter time period than the traditional 15 days because of the state of the building. You can see on the screen in front of you that there's a photograph of the building from the front that clearly shows fire damage. A photo from the back also shows significant fire damage. It has been my view consistently that fire damaged structures, whether they are immediately going to fall down or whether they appear like this, present a substantial nuisance to the neighborhood. This has been in the vacant building program since February of 2019. Things changed for the building considerably in June of 2021 when the fire occurred. The fire was spotted by a vacant building inspector doing his rounds down the street. This was his next building and he called 911, and the fire was put out. Since that time we've seen 25 summary abatement orders and 26 work orders, meaning the City has been the only one doing work to maintain and keep the nuisance conditions at bay. Those orders included boarding the building, shoveling, mowing the lawn, and so on. The City has taken complete care of it. There are 2 owners of this property. Mark Ciccarelli is here today. The other owner is Hossein

Varasteh Amiri, who is not here today. The mail for this property has been addressed to the address of Amiri that he provided to Ramsey County taxation. A servicer went to serve the information on these hearings to the address of the LLC who owns the building and there was no one there. The first legislative hearing I conducted on this was on May 13. No one showed up. The second time I spoke about this was June 10. What was strange about that is that it wasn't on the Legislative Hearing agenda for that day. Ciccarelli had come in because he had just learned about this proposed order for removal, and he did not want that. The 2023 and 2024 property taxes are delinquent. There was a code compliance inspection a few years ago that has since expired. No performance deposit has been posted. This is a building and a property that's been completely abandoned and presents a very disheartening nuisance to the immediate neighbors, if not the neighborhood at large.

Mark Ciccarelli: I've lived in Saint Paul my whole life. I live in Highland Park and bought the house almost 2 years ago for one of my employees, Jose, who is here with me today. He was going to fix it up and live there. That was the intent when I bought the house. I didn't even know that it was considered a rehab house. When we started doing renovations, the City told us we could not do the work without a permit. They said the house had to go through a special process of having plans drawn up. The house is in the state that it is because the City wouldn't allow us to at least side the front of the house and make it look presentable. Before the City ever told us, we gutted the entire house, cut down trees in the backyard, and mowed the lawn. I was buying the house as a favor to somebody, so they could rehab it and live there. I was under the impression that Amiri, who also does work with Jose, was on top of it because he was going to help him with the paperwork. None of this was conveyed to me until about 2 or 3 weeks ago. I was under the assumption that they were handling this. About 8 months ago I was going to sell it to somebody who can rehab it, rather than tear it down and build something new. I can't do that now because of this teardown order. I could go down there and make it look presentable in a day or two. I don't know that all of what you see is fire damage. It is still largely structurally intact. I didn't pay for the house with the intention of having to monitor this. I want to sell it to someone who will renovate it. Jose knows someone who can do that work. I was also under the impression that these guys were going to pay the taxes and do all that stuff. I didn't learn about this until two or three weeks ago. I was here last week and I'm here now. I can facilitate this getting done without having to tear this house down. I'm from Saint Paul. I don't want eyesores in our neighborhoods either. I also don't want to lose the money that I paid for the house because now the City decides they want to tear it down. The person that they have wanting to buy the property would pay the taxes and performance deposit. I don't have the capability, with where my company is right now, to be able to put \$20,000 or \$30,000 into it and not know what's going to happen.

Councilmember Johnson moved to close the public hearing. Approved 6-0.

Johnson: Ciccarelli, is the 1304 Concord Street your address or is it Amiri's?

Ciccarelli: That's his business address. I live at 1419 Palace.

Johnson: Since you became aware of this, have you taken any steps to do things like pay taxes, apply for a code compliance inspection, or put down a performance deposit?

Ciccarelli: We have someone who wants to buy it as it is right now.

Johnson: I'm not talking about that. I'm asking you about steps you've taken on those three things.

Ciccarelli: I haven't, because I don't want to do all of that if it's going to be torn down. I thought they were paying the taxes and doing these things. Jose lives just down the block on 6th Street now. I believe Amiri was back in his home country for 5 weeks, which is why he wasn't there. He told me he paid the taxes.

Johnson: Moermond, what is the most up to date status of the structure and inspection?

Moermond: An inspection occurred in March 2023. The report lists 5 pages of corrections. The building was also placarded on February 10 of this year, indicating that it had been declared a nuisance building and next steps. Correspondence was sent to all interested parties at that time. It was then replacarded on March 12. Work had not been completed and hearings were scheduled. Notice went through posting on the building, first class mail, and service. It's very extensive.

Johnson: Who is the person you brought with you, again?

Ciccarelli: The person I bought the house for.

Johnson: I move Moermond's recommendation.

Council President Noecker: I support that motion.

Council Meeting Information

The City Council is paperless which saves the environment and reduces expenses. The agendas and Council files are all available on the Web (see below). Council members use mobile devices to review the files during the meeting. Using a mobile device greatly reduces costs since most agendas, including the documents attached to files, are over 1000 pages when printed.

Web

Meetings are available on the Council's website. Email notification and web feeds (RSS) of newly released minutes, agendas, and meetings are available by subscription. Visit www.stpaul.gov/council for meeting videos and updated copies of the agendas, minutes, and supporting documents.

Cable

Meetings are live on St Paul Channel 18 and replayed at various times. Check your local listings.
