

SAINT PAUL FEDERATION
OF EDUCATORS LOCAL 28

January 22, 2025

Council President Jalali, Council Vice President Kim, Council Members Bowie, Johnson, Jost, Noecker, and Yang,

I am writing to share our support for the proposal to introduce Administrative Citations as a way for the City of Saint Paul to enforce city ordinances.

The City of Saint Paul has passed a number of ordinances to protect working families, such as Minimum Wage, Earned Sick and Safe Time, and Rent Stabilization. The City of Saint Paul has a dedicated Human Rights Department (HREEO) to ensure that ordinances are being followed. And yet, we have no way - short of pursuing a criminal complaint - to enforce these necessary ordinances.

Administrative Citations can be an effective way to hold non-compliant businesses accountable in a way that is quick, efficient and effective. Administrative Citations are used for this purpose across the country, and could be helpful here.

I trust that this City Council has the wisdom and experience to ensure that Administrative Citations will not be used to harm individuals, or used as a tool to expand inequity in Saint Paul by targeting BIPOC, immigrant, and LGBTQIA+ communities.

Sincerely,

Leah VanDassor
Presidents, Saint Paul Federation of Educators

Dear Council President Jalali,

I'm writing as your constituent to be on record in support of the charter amendment to allow the city to issue administrative citations for code compliance.

I trust I can count on your vote in support of this and I want to thank you for your work in obtaining a tool the city can use to hold negligent property-owners (such as CVS) to account without having to resort to full-blown court cases.

Thank you for all you do for our city!
