Hi Annika,

I was at your budget meeting in October and just received my property tax increase. My taxes (in 16 years that I've owned my home) have gone from under \$2K- over \$9K! I am now on a fixed income. Like many in St. Paul, I am considering moving because it's unaffordable to live here.

I don't want a river balcony, or bike lanes that destroy small businesses and neighborhoods, and vanity projects! I want to trust that my elected leaders are listening to us!!

Please vote to limit the Mayor's outrageous budget.

We are a city of 300K and losing population. Why are we so staff heavy? Why are so many people angry at the city for fiscal mismanagement?

You can, and must help!

Sincerely,
Roddie Turner
