Internal note

Leg hearing needed to adjust cart size.

We did not have PO's cart info on file, and so the Cart Elf delivered a 64 gallon cart to the property in July ([#1208926](#)). PO recently reached out, stating she has been using a EOW at the property and did not know why the other 64 showed up since it was not requested. Staff recommends reducing assessment to \$58.47

Hi Rachael

Thank you for reaching out about your Quarter 4 2025 garbage bill. There was a period of time when I could adjust your bill (like I did to your Quarter 1 invoice), but that window has closed. In order to adjust the billing now, I have to present your file at a legislative hearing next week (Thursday). You are not required to attend, as I have enough information to recommend removal.

I will reach out again once the hearing is complete. Let me know if you have questions on the process or if you would like to attend

Thank you,

Jillian
