This is Terry SUMMER so we can't come to the meetings because of COVID. I just want to say these taxes are way too high, forcing people out of their homes. Seniors unlimited income, can't afford this to keep going up, up, up. I think there should be a better budget and not so much waste on bike lanes and bump curbs. And also all the stray cats in Saint Paul need some help. Everybody's hollering. No place to take all these poor animals. Think we should spend some money on that instead of bike lanes. My phone is 651-776-9994. This is Terry SUMMER.
