Dear Board of Zoning Appeals,

On October 15<sup>th</sup>, 2024 the Macalester-Groveland Housing and Land Use Committee (HLU) received notice of an appeal for a variance for the building height maximum in order to establish a new five story dwelling by Ruben A. Benegas Properties, LLC. for the property located 1963 Grand Avenue, St. Paul, MN 55105.

On October 23<sup>rd</sup>, 2024 the MGCC Housing and Land Use Committee held a regularly scheduled meeting regarding the variance appeal for the property located at 1963 Grand Avenue, St. Paul, MN 55105. A vote was taken: 6 Aye 4 Nay. The Housing and Land Use Committee votes to Approve the variance request.

Respectfully submitted,

Laura Wallace  
Executive Director  
Macalester-Groveland Community Council

w, me

St Paul BZA members-

I am in opposition to the requested variance for a 50 foot height for the proposed apartment complex at 1963 Grand Ave. for the following reasons:

- After hearing a presentation by the developers on Oct. 23, 2024 at the MacGroveland Community Council meeting, they did not identify major difficulties in complying with the current 40 foot height, other than financial reasons and no unique property circumstances exist or could be articulated by the developers;
- The requested variance will alter the essential character of the surrounding neighborhood as documented by neighbors who will have more shade on their property, decreased ice melt in the alleyway during the winter months due to lack of sun, and life safety concerns for the increase in alley traffic at Prior Ave. and Grand Ave; and
- The "luxury apartments with amenities", as they were described by the developers, do not create more affordable housing options in the neighborhood or offer below market rent.

Thank you for your consideration.
