Dears,

With Regards to your previous violation letter dated 2/10/25, as per my communication by email which is a part of this thread, we chose option #3 so we get a chance to appear in front of the city council to tell our side of the story. Please let us know when this can be possible.

Kind Regards,  
Moe Kia

Hi Moe,

My apologies on not sending this email sooner, but I do appreciate you responding to us in a timely manner.

We are working on sending you an Amended Notice of Violation as we needed to make some changes to the initial Notice that we sent to you. I did not get a chance to reach out to you to let you know to disregard the Notice that you already received. I was off on bereavement for a week and trying to get caught up with work on my end.

Please let us know if you have any questions.

Sincerely,

**Riddhi Mistry**

Dear Mr. Vang

In response to your inspection report dated 10/3/24 I would like to mention some facts regarding this report.

1. As you are aware, we are 2 different used car dealerships with 2 different licenses with the city and state, while sharing the same location for more than 20 years. All these years, we have tried our best to keep the place of business free of any flaws in order to comply with city ordinances. Unfortunately, due to unforeseen circumstances, from time to time things may come up that with the friendly recommendation from the city inspector we have corrected the issue as soon as possible.
2. Regarding your inspection dated 10.3.24 I should bring up that the inspection happened in early morning when the business was still closed. Our hours are from 10 am to 6 pm as posted on the front door, so we were not here to properly address the inspector Vang's concerns. There was a handicapped, mentally challenged individual who happened to be here at the time, who has no association with MFK, since I have no employees as a small business with only 10 cars. I don't know why and how he introduced himself as an MFK employee, but you can verify that by information about the car that he was unloading from the transport truck to find out about the truth. After all these years we have always been respectful to inspectors and city employees and we have never made a harsh comment like "nothing you can do, take all the pictures you want" or that "this is a public road so they could parked any vehicles there if they choose to do so and there is nothing I could do about it" as quoted from your inspection report. That's because we are aware of the conditions on our license and we know better and always be respectful to all city inspectors.
3. On the report, most of the cars are not ours and have nothing to do with MFK Enterprises.
4. My home address is 6566 France Ave S. Apt 605 Minneapolis, MN 55434. So hopefully any correspondence can be sent to this address or the business address at 830 S. Robert st, St. Paul, MN 55107.
5. As you are aware, there is a huge road project for Robert street starting next year and they told us the project will take 2 years for completion and will have a significant impact on our business. We are also just recovering from nearly 2 years from Covid and with this new project we will have more challenges ahead. Therefore, respectfully we plan to go with option #3 which we would like to schedule this matter before city council hearing to contest the \$1,000 matrix penalty.

Thank you and I look forward to your prompt response.

Sincerely yours,  
Moe Kia
