Introduction and Objectives

Learning Objectives

Following this session, I hope you will be able to...

- describe the **Capital Improvement Budget Committee**, provide examples of the work they do, and know how to encourage and help residents in the membership application and appointment process.
- find information about major revenues, annual programs, and understand the basic structure of the **Capital Improvement Budget**.
- describe the **annual Capital Improvement Budget processes** and be able to share with city residents the current budget process.
- name at least three **resources for seeking more information** or help to understand Capital Improvement budgets, programs, or regulations, and will be aware of the longer timeframe sometimes needed to research questions when asked.

Capital Improvement Budget

Major Revenue Sources

Local General Obligation Bonds

Capital Improvement, Public Safety, Library and Street Reconstruction Bonds.

- **City general obligation debt:** backed by the government's taxing ability, ex. property taxes
- **Capital projects on city property, with a useful life of at least 10 years**

Municipal State Aid (MSA)

- **Saint Paul's share of the state gas tax,** for maintenance, and/or reconstruction of roads
- **Can only be used on designated MSA routes:** About 20% of the streets within the city limits of Saint Paul are designated as MSA routes and most are major arterials.

Capital Improvement Budget

CIB Budget Process and Timeline

Overview

SAINT PAUL
MINNESOTA

STPAUL.GOV

City of Saint Paul Administrative Code

Sec. 57.02. - Preparation and adoption of budget.

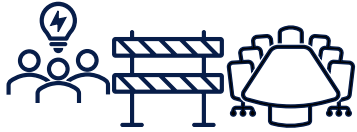

The mayor shall submit a proposed annual capital improvement budget and five-year program to the city council on or before August 15 of each year. The city council shall conduct public hearings on the proposed annual capital improvement budget and program and adopt the budget by resolution, in accordance with the provisions of Section 10.06 of the City Charter. The city council may by resolution amend the capital improvement budget.

CIB Budget Process

Every Year / Year Round

The CIB Committee forwards recommended capital improvement budgets for the following two fiscal years to the Mayor by June 30th.

The Mayor proposes capital (and operating) budgets to the City Council and residents in mid-August.

During the fall, **the City Council** reviews the Mayor's proposed budgets and holds public hearings.

In mid-December, **the Council adopts** a final capital improvement budget for the next fiscal year and approves a tentative budget for the year after.

CIB Budget Process

Every Year / Year Round

Year round, **The CIB Committee** reviews budget amendments to existing projects and programs and recommends approval to **Council**.

CIB Budget Process

Capital Improvement Budget Committee: New / Unusual

2022 Adopted Budget: Deferred Capital Maintenance

- \$24 million in funding available to address deferred maintenance, in addition to \$1.5 million annually for regular Citywide Capital Maintenance Process.

Capital Improvement Bonds

Year One: City Department Projects

In the spring of the odd-numbered years: a working group composed of representatives from City departments and the CIB Committee begin to review project proposals and 5-year plans submitted by City departments. As part their review, the working group shares the list of potential projects with the community for input. When project review is completed, the working group forwards their project and plan recommendations to the CIB Committee. The Committee reviews, discusses, and holds a public meeting on the recommended plans.

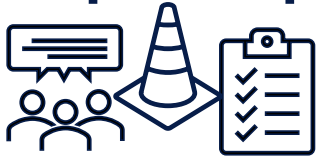

Year Two: Community Proposed Projects

During even-numbered years, the process begins with the Mayor announcing City priorities for the coming budget year. The City and CIB Committee begin recruiting applications from the community. In the spring of the even-numbered year, the working group screens submitted applications for eligibility. All eligible proposals present to the CIB Committee. Online polling provides additional data that the CIB Committee may use while considering which projects to recommend.

CIB Budget Process

City Departments draft 5 – year capital plans

Department lead, community-driven processes which occur outside of CIB Budget process but help to guide all CIB Budget recommendations.

- **Examples:** Public Works 5 Year Capital Plan, Parks System Plan
- Guides department decision making for project proposals in Department Project selection years
- Guides the development of budgets for other CIB funding sources
- Departments are always the best source of information on their own 5- year capital plans

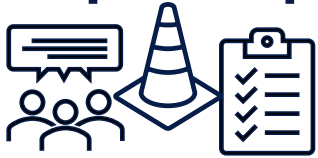

Best place for advocating for “a different list” of projects
