1. Summary and Background

The City of Saint Paul invites proposals from qualified research organizations to produce a comprehensive Reparations Harm Report. This report will document historic and ongoing harms against American Descendants of Chattel Slavery (ADoCS), caused by government policies and practices. This report will guide and inform future reparative initiatives by the City, as well as policy recommendations developed by the Saint Paul Recovery Act Community Reparations Commission (SPRCOR).

SPRCOR was established in 2023 as a permanent advisory body to the Saint Paul City Council and Mayor. Its mission is to address the legacy of systemic racism through community-led analysis, healing, and policy transformation. The Harm Report will become a cornerstone document in this process, helping the City to fulfill its commitment to racial equity and justice.

The purpose of this Request for Proposal (RFP) is to solicit proposals from various protentional vendors, conduct a fair and extensive evaluation based on criteria listed herein, and select the candidate(s) who best represents the direction SPRCOR wishes to go. For more information about the Commission visit our website: [City Council - Saint Paul Recovery Act Community Reparations Commission | Saint Paul Minnesota](#)
