Marcia Moermond this is Sharon Scarrella Anderson, owner in fee title 697 Surrey and also a republican nominee in 67B. Right now, finally, I'm getting served with something. The gal from Ramsey County, I don't [mumbled] jurisdiction. My house is occupied! With all my personal possession. We're going to have to have an itemization of each piece of paper. Don't you know what, Marcia? We're going to reopen *Magner vs. Gallagher*, United States Supreme Court Case. On one hand I'm happy we're going to get this open. I don't understand your jurisdiction on technically a Ramsey County case. Eventually, I'll appeal, whatever you think you're doing, because it isn't vacant. It isn't occupied! I just talked to Kelly [Koski] and I want an itemized inventory and everything. This is a lot of money, Marcia Moermond. I own in 1888 all 40 lots. How were they subdivided and blah blah blah. But for right now, I'm happy we are going to reopen the crook, *Magner* the maggot, who apparently did a so-called inspection. The way I understand it from this "Caroline" who is now with the County Attorney that the document she gave me were from Lisa Martin aka Aaron Foster, convicted murderer Barbara Winn, that she was a defendant in *Magner vs. Gallagher*. The quid pro quo, they are violating the stipulation. Anyhow, I've been served. I am death's door. Who felt it—if you have to get ahold of me you have to call me at this number, if you have caller ID. So I have been served. Lori from Ramsey County is going to fax you the document, but you need the document of the warrant! Signed by the Ramsey District judge. So eventually, when I appeal your decision to a court, it is going right before the Ramsey County district court, Susan whatever her name is. There is no file number. God, I'd be better off to be charged with a crime. I talked to Kelly, all my items are occupied, my property. If nothing else, since 2017 I'm demanding a refund of all this expensive inspection crap. I paid extra for it. You're taking away my homestead. But the judge now, must be held accountable, because if we go through the process and the judge has issued warrants without notification to me, the cops break down my door, terrorize me, who made the complaint to put me in United Hospital!? I should have been released immediately. Right now, Marcia, on an answer and cross complaint I am charging the City for harassment—30, 40 years—my building is occupied by my personal possessions! The answer and cross complaint, even the one item, my computer, over \$10,000, I have belongings worth \$100,000. How much money is that? Answer and cross complaint, subject matter jurisdiction, Steve *Magner* is up to his dirty, rotten, maggot ways and he is violating the stipulation of the quid pro quo in 2017 when Carter was on the City Council and Coleman was the mayor. Let's move forward. You know. The subject matter jurisdiction, technically, is Ramsey County. Now this idiot social worker, Paradise, parasite, no, Paradise is now working for the Ramsey County attorney. Now, she has handed me, not legal document, but a 10-page thing that didn't mention any condemnation and I believe that Steve *Magner* has overstepped his authority. There is no fire hazard, but I'm a ward of the State now!! I'm kicked out of my own home! I'm blind! Whose health has been impaired here? And I'm seeking multi-million dollars' worth of damages so let's move forward. I have been served [cuts off at 5 mins]

Marcia Moermond this is Sharon Scarrella Anderson owner of 697 Surrey in fee title. Right now, they're getting the ball going. I'm challenging the subject matter jurisdiction. I've been fighting, I've been answering for decades with my property at 697 Surrey. I want to make sure you realize my answer and cross complaint goes back to 2004. *Magner vs. Gallagher* up to 2007 when they stole my car out of my yard. Semi-trailer. This case is a national case. Now you know that *Magner*—I want him to itemize each and every piece of paper. They have used excessive force when knowing I'm on the ballot as a republican for the House of Representatives. Therefore, your jurisdiction, I've got this on appeal. You've waived the \$25. My house is occupied! With a million dollars' worth of furniture so they can build a "crap" [sic] is null and void. My answer and cross complaint that the judge has used excessive force to break down my door, the door was open! They hauled me out. WHO MADE THE COMPLAINT TO BEGIN WITH? About my home. There was a hearing before that parasite—Paradise, Nicole, who now works for the County Attorney. She better stop bugging my neighbors. I was perfectly fine. My house is up to code. The way this Nicole Paradise, in front of the cop, who threatened me that he is going to call the paramedics and put my dog in a shelter. This case, my answer and cross complaint to Marcia Moermond is a million dollars a year. Now 701 Surrey has been vacant over 25 years. 699 Surrey---697—you check the abstract. In 1888 the owner at that time owned all 40 lots. The issue is Dennis Ruebens, heirs and assigns. He technically was an army veteran. Technically, his widow up in Aiken has a claim, heirs and assigns with her four boys who were born here. Right now, we are going to go through historical documents. You better have the entire abstract before you if you are going to make some financial decisions. My answer and cross complaint under deceptive trade, corrupt practices—Steve Ubl! I've notified for the past 5 years, a million dollars a year. Ted [sic] Cobin from Chicago has threatened my life five or six times. We're going to [mumbled] in the past 5 years. Now, Moermond, who made the complaint? The way I understand it, August 26 my neighbor called because it was hot and this and that. So then the cops came out, everything was fine. I want that body cam entered as evidence! Then on the 28 of August, which is my brother's birthday, this Nicole Paradise, social worker, was acting as a process server, she and Lisa Martin, defendant, Mrs. Aaron Foster, convicted murderer Barbara Winn, Lisa Foster was a defendant in the United States Supreme Court [cut off at 5 mins]

Marcia Moermond the only thing that I can do is by voicemail. Now, you are taking subject matter jurisdiction. I finally was notified, particularly on September 9. I'm answering and cross complaining. I've been trying to resolve this issue of my property at 697 Surrey in a historic area. My answer and cross complaint added to your alleged jurisdiction is for the past 6 years I have been threatened, harassed. You must also bring in the property at 693 Surrey. Ted Cobin has threatened my life. Clint Zane. Anyhow. Who made the complaint?! You have to deal with the social worker, Nicole Paradise, who is now working with the County Attorney. She acted complicit with Lisa Martin, defendant in *Magner vs. Gallagher* case. My house is occupied! There is no vacant registration. Eventually the fact that 701 has been vacant over 25 years. 693 Surrey has threatened my life. Matter of police records. You almost may add, for the past six years all records sent to the police department. My property is not unsafe. It is occupied. By all my personal possessions. Now, I am a ward of the State. My property is not yours! The jurisdiction, answer and cross complaint, is at least a million dollars a year. Now, my computer is worth about \$10,000. [mumbled] which is evidence up to "whazoo" with the *Magner vs. Gallagher* case. With \$100,000

[mumbled], that's a lot of money. My answer and cross complaint against the City of St. Paul, I tried to work it with Jane Prince, that the constitutional issues that every Wednesday when you have eight to 40 properties without due process and notice to the people, um, then they run it through and then it is marked and goes to the property taxes, unknowing. Right now, my answer and cross complaint, while I am still alive, I'm a ward of the State, by Magner. We're going to reopen the Magner vs. Gallagher case. He and I want an itemization of each and every piece of paper. He has violated my rights. I'm going blind. I'm going deaf! I'm a ward of the State now and I own the property. And they only got in by a bogus warrant. As a judge, eventually, I will appeal your order because now there is money damages up to "whazoo". It would be appealed to court then the \$500 filing fee must go to the chief judge, a file number, issuing bogus warrants without due process of law because I'm a candidate as a republican in 67B. I don't know if they're going to relocate me. I have a home to go back to. The paper Lisa Martin had, says water—which I have, electricity—which I have. Who is going to be paying the electric bill? It is not vacant! It is occupied! With all my property. And my answer and cross complaint is at least a million dollars a year for the disparity. Now, Steve Ubl—why would Steve Magner use excessive force to break into my house, haul me out, when they know that I am 85 and a half and on the ballot as a republican in 67B. Now, [cut off after 5 mins]

Marcia Moermond, this is Sharon Scarrella Anderson my legal domicile is 679 Surrey. Now, I'm going to challenge the fact that every Wednesday on the consent agenda there might be 35 to 65 houses that have not been given due process. I've been fighting that for years. The fact that you don't extend the particulars on these properties. Right now, girl, we are in a landslide. Magner isn't going to be violating my rights. He had no right to come in under a deception. But we're going to add every building on Surrey, 701 vacant over 25 years. It isn't torn down. It is vacant. A realtor owns it. 25 years. 699 Surrey nice people. You tell that Nicole Paradise, leave them alone. I hope they are not [mumbled] my dog. You check the abstract, 1888 a Mr. Luke, then Devin Ruebens with his four boys, and then my husband. The ownership. My house is not condemnable. My sanctuary house is a historic property. We're going to reopen Magner vs. Gallagher and the b*tch Ted Cobin at 693 Surrey has threatened my life. In the past 5 years. I'm not going to be involved, he's probably the one who made the complaint. That a judge would issue a bogus warrant without documents. Now today, we're getting the documents, your jurisdiction, but for right now, every Wednesday the fact—and I've fought with Jane Prince on this—the fact that you are arbitrarily putting all these properties that are probably not even notified, they are probably objecting to your jurisdiction, but right now that is a constitutional question. That people aren't being notified yet you are tearing down their house on and on and on. There isn't going to be much in a five minute call. You get a copy of that warrant. You get a copy. My building is old. My roof does not leak. I have water. I don't drink the City water because the City is causing a health concern with every person that drinks City water because it is loaded with lead. The City should be cited for conspiracy to harm and injure the public. Alright. Permits. I don't need a permit to maintain and repair. Lisa Martin aka Aaron Foster, convicted murderer Barbara Winn, conspired with this Nicole Pancake—Paradise. Witnessed by the cop, Matt. There was no condemnation. There was no nothing there. How in the hell are they coming up with fraudulent inspections. Check with [mumbled]. That b*tch next door destroyed my driveway and they aren't doing anything about it. With the utility pole in the back. There is more to this

story that comes. Tom Smith threatened me with a lead pipe. Ted Cobin threatened to blow up my house with me in it. The cops don't do anything about it. I believe they are the ones that made some type of a complaint. Now, the idiot "partridge"—I can't even say her name anymore. She must be indicted for criminal charges. Now when she sat and went through all items there was no commendation. I said well, appeal it. Her reckless disregard to appeal something that she has started conspired with Lisa Martin must be addressed. Thank you for your time Marcia. Do what is right. The file is extensive. Goodbye.

Marcia Moermond since you have taken jurisdiction we are going to address—I intend to put a trailer on my land. Now, the constitutional issue—if Steve Magner did the premises we have got to have a "legal description". Ted Cobin cannot trespass on my property. Steve Ubl. Steve Magner. Clint Zane. 6 death threats in the past six years. But now you have accepted jurisdiction. You are going to address the terroristic threats that I have had to suffer. Steve Magner, he knows that I know what is going on. I'm going to put a trailer on my land, plus my home will be maintained properly. You are taking on the jurisdiction of the damage to my property by the next-door neighbor Ted Cobin from Chicago. The police reports are all there. She's trying to trespass on my property. Right now the City is criminally trespassing my property. You're going to have to address a lot of constitutional land, title, election contests, and the amount in controversy by my property, which is occupied! My computer alone over \$10,000. With 100 blog [sic] worth \$100,000 apiece. All the evidence is out there. I've tried to resolve this matter. Steve Magner, we must reopen Magner vs. Gallagher, United States Supreme Court. Let's go back to August 28, when that crooked Paradise acted as a judge, jury, process server, complicit with Lisa Martin. Martin is a defendant in the Magner vs. Gallagher case! So is Magner. Steve Magner. You have a lot of issues. Constitutional issues which is not your jurisdiction. Death threats that I have had to suffer. Quiet title. The election. The damage to my property by Ted Cobin. These are criminal, constitutional—I intend to get back on my property. Thank you. Goodbye.

Marcia Moermond this is Sharon Scarrella Anderson, in the hospital and I've been served with whatever. You don't realize how big this administrative hearing is. I am exposing the corruption of Steve Magner, Lisa Martin, the big one is Parasite, no Paradise. She had August 28, my brother's birthday, you must have a copy of what this social worker handed to me. It was not legal. There was no condemnation or anything. This social worker, currently with the County Attorney, you must have a copy of her document. Lisa Martin aka Aaron Foster, convicted murderer Barbara Winn. We must reopen Magner vs. Gallagher. Okay, this is a biggie! Next door at 693 Surrey, for the past six years, the terroristic threats against my person. That Magner, I hope he takes a video, because we're going to try title to real estate. I intend to put a trailer on my driveway, which Ted Cobin, who threatened me to blow up my house with me in it. But Tom Smith is a big one. When she illegally cut trees down on my property and then Tom Smith, her partner in crime, married, former black police 2007 stole my car, stole my trailer. That must be addressed. Magner must have a video when we're trying title to real estate. This is huge! I'm a ward of the State right now but I own the land. My building is occupied with 34 years' worth of personal property. There has to be an itemization. You aren't going to tear down my building on an 85-year-old

women. Going blind. Going deaf. But I filed for office. You bet I did! This administrative hearing, you must address the entire block. Why is 701 Surrey vacant over 25 years? Why is 693 Surrey allowed to trespass on my property? Why is [mumbled] eventually go before the chief judge of Ramsey County, Sarah whatever her name is, that you can't issue a warrant with 2 cops—the door was open! They didn't have to tear it down, hack it down. Who is making these complaints? This is October 1. Tuesday. You must take into consideration my candidacy for 67B, which is a historic area. You must take the entire Surrey, check the abstract, where did they quiet the title? Magner must! I want to see what he looks like. We must reopen Magner vs. Gallagher. You cannot, after the fact, the disparagement, the discrimination, haul me out of my home while I am going blind. I am a ward of the State right now when I have title by real estate. Technically the City of St. Paul is trespassing. They boarded up my property. They don't have ownership, I do. I want to put a trailer there. Thank you for your time. There are constitutional issues. Equity skimming. Election fraud. The constitutionality of title to the real estate. When Clint Zane tried to run me over, handing me a sheet of paper, that [mumbled] survey, is not legal. Steve Ubl must be involved here. Clint Zane. 693 must be involved with the terroristic threats. I am not going to be terrorized any longer, but now I am a ward of the State. You, my building is occupied with personal property for 34 years, my building is up to code [cuts off at 5 minutes]

Marcia, this is Sharon from her legal domicile at 697 Surrey. You must get a copy of the warrant. You must get a copy that that Paradise, August 28, which was my brother's birthday. The cops were around. Nothing in that document states any kind of condemnation. It is like they're going ass-backwards. You must address 693 Surrey for encroachment upon my property. I want Magner to have a video. Clint Zane, in about 2023, tried to run me over. Handed me a sheet of paper. Let's get this straightened out. You need a copy of the warrant that was September 9. You need a copy August 28 of the now social worker, I'm going to have her license, but she's now with the County Attorney, Paradise. She issued like a statement. I said, well appeal it. She has reckless disregard for the appellant process. There was nothing on that piece of paper that stated condemnation. There isn't any. Now I want Magner! I am exposing the entire corruption of the Building Department of the City of St. Paul, which involved Steve Ubl, Magner now, where's the video? 701 has been vacant over 25 years. Right now you are an administrative hearing officer. I probably will appeal whatever you are doing because there are so many constitutional issues you don't have jurisdiction. It goes before the City Council. I want Magner on video if he thinks he is going to try title to real estate. You've got to get a copy of the warrant from September 9. You have to get a copy of Paradise, who is now working with the County Attorney, which is [mumbled]. You have to get a copy of the warrant before you can even proceed. You have to get a copy—the last six years have been death threats that I've had from Ted Cobin! That is criminal intent to kill me! Magner is going to be held accountable. You must reopen Magner vs. Gallagher. I've had it with the City. Right now, I'm a ward of the State. Give me a break. I have title to that real estate. But let's have quiet the title which is not your jurisdiction. Nobody is going to harm or injure me any longer. I own my home! My sanctuary. Little pink house. Kill prince of new foundland [sic]. Magner vs Gallagher. USSC10-1032 must be reopened. My house, \$100,000 each block. Thank you for your time. Goodbye.

You've done enough harm and injury without a time[mumbled]. You get a copy of that warrant. Call the police and get a copy of that warrant. The police are not going to be—that door was open. They aren't going to be knocking down my door. Hurting my health. But by God I am still alive. Marcia Moermond, you do not have a legal condemnation! You get me back in my home! Now! Goodbye!

Marcia Moermond this is Sharon Anderson republican candidate in 67B. Now I believe your jurisdiction is a little whacko, or out of line. The warrant that was issued by the Ramsey district judge must be before the City Council today! That warrant is defective. That warrant—the Ramsey district judge allowed the cops to—my door was open!—to break down my door. Haul me out of here. Put me in the hospital. September 9. Now, this business of a Vacant Building crap, I'll go through the process, but in the meantime that Ramsey County district judge must have a hearing! September 9. I'm in the hospital. That's a conspired effort to commit murder! On my person! Steal my property! I'm on the ballot for god's sake, what is the matter with you people? Donald Trump must be the next president because he's the only honorable, decent, human being in the United States of America! To save America. Marcia Moermond, it is time to pay for work. Everything else, no way is everything else at 697 Surrey—I've been there 34 years! The personal property. Put that out there. My computer worth about \$10,000. But girl, over 100 blogs worth \$100,000 a blog. Which is reasonable. I own that property. That warrant, signed by that judge—that judge is incompetent. She can't be issuing a warrant without a hearing! Or even after they broke in blah blah blah. Taking me to the hospital without evidence of what? That judge must be held accountable. The jurisdiction technically is Ramsey County attorney John Choi and that idiot social worker, Nicole Paradise, she had like a hearing. Handing me a sheet of paper that didn't state any condemnation. I said, appeal it. That woman—if she calls me sweetie ever again! I am not her lesbian b*tch! You copying? Put that warrant before the City Council TODAY! Wednesday, October 2. Marcia Moermond, these are very serious charges under a Ponzi scheme that this involves court officials. I'd be better off doing it as a traffic ticket. At least I'd go to court. That judge cannot issue warrants and not let me have a hearing, a lawyer, or whatever. The jurisdiction technically, since September 9, is John Choi the County Attorney. The sheriff has never served me legal process. You guys are corrupted by the police chief Henry—Marcia Moermond—you technically don't have the jurisdiction to handle these criminals. I have been threatened, harassed, because I own the property at 697 Surrey. You put that warrant before the City Council TODAY! Publicize it! I'm being held against my will! That judge---she's mentally ill. She didn't do what she's doing. Marcia Moermond, you put that WARRANT BEFORE the City Council TODAY! Goodbye.

Marcia Moermond I am still at United Hospital on the fourth floor. The subject matter jurisdiction of 697 Surrey and my health that warrant must be submitted to the City Council TODAY at the meeting. The jurisdiction is technically the County Attorney John Choi. Now, the new social worker is Paradise who, god that woman is evil. She kept calling me sweetie, I'm not her lesbian b*tch. The very first time on this Lisa Martin order which is bogus. Martin is a defendant in United States Supreme Court case Gallagher vs. Minnesota [sic] which must be reopened. I'll play it out. The warrant signed by Ramsey County district judge Sarah whatever her last name is, should have had a hearing! You cannot just come in my home, break the door down, and actually the door was open, terrorize me. Put me in the hospital. For what?! The hospital should only have had me for 72 hours at the most. I'm on the ballot. I'm not going to win the election. But I'll tell you Donald Trump will win the war. Marcia Moermond, we'll go through this. My building is not condemned! The City's greed, which comes from Magner the maggot. Get that warrant before the City Council. The Jurisdiction technically is not you, under a building that is not vacant registered. Do what's right. I've been fighting you guys for years. Put that warrant before the City Council TODAY! The jurisdiction is the Ramsey County attorney John Choi. My health has been impaired by that judge! She's not a doctor or a lawyer. She issues warrants without a hearing. I have the right to a lawyer. That judge should be disbarred. Denying my rights. Goodbye Marcia Moermond.

Marcia Moermond, this is Sharon Scarella Anderson. Now, let's talk commerce rights. Who is paying my electric bill? If anybody breaks into the house, which they might, the City is responsible. You guys are trespassing on private property. The hospital here is refusing to give me my absentee ballot. Now you know, and I know, in 67B I am the candidate. All I did was try to quiet the title to my real estate. The hospital now is complicit with an illegal warrant. I want my property. Now, you cannot proceed any further until you get a copy of the warrant and a copy of that Paradise, her whatever she is doing with Lisa Martin. Who will pay the bills? I demand to get right back into my own home. Period. The condemnation is not legal. Steve Magner is a defendant in a federal lawsuit. Right now, it is a money game. I'm not treated very fairly in the hospital. If I die in this type of situation it will have to go to probate. Technically, Marcia Moermond, how can a building in one day because vacant empty? It's not. So I'll win that appeal. When does it go before the City Council? Where am I going to be? I have no clothes. I have nothing. But I have money. I own the land. Ramsey County must put a trailer there. If you have taken my property down, illegally, it is a historic piece of property. You are responsible. I want copies of everything. My commerce rights have been involved. The harassment that I've [mumbled] stupid judge the warrant. You've been notified Marcia. Right now, all the death threats that I've had next door from Ted Cobin. All the matter of police records. Right now. I'm demanding to get back in my home. Anyone with the County would have a social worker, the way I understood it, get that slip of paper that Lisa Martin---she's a defendant. Get that slip of paper, itemize it. As far as I understood it was cleaning and repair. You don't need a permit, to right now, it is at least a million dollars a day. I've not been given fair treatment in the hospital. Where are they going to put me? It all hinges on that judge's order. So, I'll win this thing. It is not a Vacant Building. It has a million dollars' worth of property. IT is

occupied. Who is paying the bills?! Who is going to pay my electric bill? You don't own it. You had no business boarding it up. Right now, we're talking money. Commerce rights. We're talking my health. I can't even vote in the hospital here. Where is my absentee ballot? Now what the hell do you guys think you're doing? Technically you don't have jurisdiction. Are you going to quiet the title? Am I going to get back in my home? I better. I have no clothes. According to a bogus warrant from some Sandra [sic] a judge. I own that property. My meter is ticking. And the commerce rights that I'm suffering right now are major. They're huge. I told you, if this were addressed properly the County could come in, have a social worker, once a week, blah blah blah. That condemnation by Steve Wagner who is the defendant in United States Supreme Court case 10-1032. He's not qualified to, whatever. Right now, I'm not doing very well. I'm sick. Hyperventilating. You send all this crap to the State Health Department, why is the United Hospital [cuts off at 5 minutes]

Marcia Moermond this is Sharon Scarella Anderson from her hospital bed. Oh my god. I'm challenging your jurisdiction. Apparently you have something on the 8th, of Tuesday, of October. Technically you must get a copy of the warrant. September 9. That is relevant. You must get a copy, oh she's so corrupt, I don't even think she's technically licensed, she's in the County Attorney's office now. Nicole Parasite...Paradise. When she had on August 28, she had, acting as a process server. Having a "muckity muck" with Lisa Martin. Keep in mind Marcia "Moreland", your subject matter and jurisdiction technically will constitute the judge issuing a warrant. Putting me in the hospital. I don't even know why I'm here. I shouldn't be here. I'm going right back into my home. Don't you dare tear it down. Apparently simulating legal process, to take something off the abandoned building or whatever. Vacated. Its not vacated. Let's bring the whole issue of Steve Wagner. Complicit! USSC 10-1032. The quid pro quo. In 1017 when Carter sat on the Council. You guys know all this stuff. What are you going to do? Keep me here forever? Where's my home? The equity skimming of all my properties is massive. You've had the abstract. 697 Surrey owned all 40 lots and you know it. There's no way after 34 years. When its [mumbled]. Running for mayor. The third Mariah blast [sic] six people died. It was after me. I'm tired of the harassment. Anyhow, for right now the answer and cross complaint is actually the 40 lots, the equity skimming from 1888. Dennis Reubens, the 4 boys were born here. Darlene Reubens is up in Aiken in a trailer. My second husband, Corporal James Anderson. Let's do a historical research. The 40 lots are worth millions of dollars girls. You are the pawn for the City of St. Paul. You're a legislative hearing officer, you aren't a judicial officer. It's quasi-judicial. Anyhow, I've been fighting you guys a long time. Right now, answer and cross complaint, oh I don't know, 40 million dollars. The fact that the stupid judge, Sarah, issued a warrant. Cops come in, terrorize me, throw me here, United, that's simulating legal process. I'd be better off being a criminal and bail out. I've been here since September 9. Can you get that warrant before the City Council. Get that Nicole Parasite-Paradise—before the County Attorney. You really don't have jurisdiction to hear a crime. The past six years I've been terrorized, threatened, six times. The cops know that. Get all that evidence before you. Let's see how you decide. My building is not vacant. It is occupied by a million dollars' worth of personal property. Computers. Phones. Blah blah blah. And I'll appeal that, and appeal that to the City Council? Then you appeal it to the judge? Where the hell am I going to stay in the meantime? I want a quiet title. My little sanctuary, 697 Surrey, and why the police chief failed, reckless disregard, to issue tickets against Ted Cobin. I'm giving an affidavit of prejudice against that

stupid judge, my God. You know I won the election. 67B. Right now, my health has been impaired. BIG TIME! If I die over this, Magner can go straight to hell. Magner the Maggot. I am challenging his so called "specifications", you understand? Simulating the legal process is against the law. Marcia Moermond technically you don't have jurisdiction. I'll play the game because its worth millions [cuts off at 5 minutes]

Friday, October 4, 2024 12:46:59 PM from 651-241-8211:

Marcia Moermond I'm not dead yet. The jurisdiction, the subject matter, where are you—who has issued an order to keep me confined to the hospital? Where is that order? Technically you really don't have the jurisdiction to try title to real estate. I'm not dead yet girl! But I'm getting there. And the blood will be on Magner's whatever. You're not going to break me. I'm being held against my will. Who has issued the order to keep me in the hospital? You better have your paperwork out there. You know that my house is not vacant. My house has not been legally condemned by Magner. What is going on in the City of St. Paul? This is unheard of! Get me the paperwork! Get me that warrant! That judge Sarah is guilty of judicial malpractice. I have a right to my ballot. I have a right to vote today. Good grief, this is ridiculous. But I'm dying! The City of St. Paul has conspired to kill a republican candidate in 67B. Technically, Bill Dahn, 44B had his lung removed. Has brain cancer. But by god he voted for Donald Trump in 44B. Which is Woodbury. He's been my buddy for 30 years. Marcia Moermond you have accepted a hearing outside of the warrant. September 9 I've been held in a hospital setting against my will. Now where is the paperwork? Who has ordered my stay in the hospital? Somebody is going to have to pay the bills. Goodbye, I'll see you on Tuesday. You better let me know what time. Goodbye.

Friday, October 4, 2024 1:02:16 PM from 651-241-8211:

Marcia Moermond this is Sharon Anderson again. I'm being held illegally against my will. Where is the PAPERWORK to keep me at the hospital. I'm demanding at this hearing on Tuesday at what time? You better get a lawyer for me! In forma pauperis. We're going to go national with this crap. You know my house in one day is not vacant. 701 Surrey has been vacant over 25 years. The case law that must be revisited is Magner vs. Gallagher—its 24 years old right now. Right now, in the hospital, where is the paperwork to keep me here!? I'm denied the right to campaign. I'm going to tell you a secret. Leslie Davis is going to be the campaign manager for Bill Dahn, Republican. He voted! He has brain cancer, but he filed, and he's on the ballot in 44B which is where that Nicole Mitchell—this gets into elder abuse. It gets into the corruption in the City of St. Paul in the housing department. This gets into an election contest. This gets into the equity skimming of all my properties. Right now, I'm going to stay alive but the blood is on Magner. Prince Jane who tried to run me over. The terroristic threats and the cop Henry is just as much involved. You better be prepared at this hearing, at the hospital, you know I'm fine. I demand that some legal aide be there to represent me because I'm blind! We're going to get this straightened out one way or another. And it is an election contest. Donald Trump must be elected! Kamala Harris is nothing but a whore. Screwing Willy Brown. Screwing her husband, now. She's never had children. She isn't fit to be a president or even a vice president. Right now, my concern is the corrupt judiciary, Sarah whatever her name is, to issue a warrant—I'm not guilty of any crime. But I'm treated

worse than any criminal. Marcia you've taken the "alleged jurisdiction". My building is not vacant, it is fully occupied with a million dollars' worth of personal property. My computer! 100 blogs worth \$100,000 a blog. Answer and cross complaint, Marcia, is for millions of dollars right now. See the abstract. Let's get a quiet title hearing of this. Where is the paperwork to hold me in the hospital? Guide yourself accordingly, girl. This is bigger than you can ever imagine. And Donald Trump WILL win the election based on election fraud right now with Bill Dahn 44B. Lung cancer. Brain cancer. And you know what? Leslie Davis is going to be his campaign manager. Right now, you aren't going to hide me under the covers, under the sheet of corruption. Publicize this hearing! At the hospital! Tuesday! I don't know what time. You better afford me legal representation. Thank you for your time. The answer cross complaint is millions of dollars because on the abstract, 697 Surrey owned all 40 lots. From 1888. You can't hold me here. Based on what?! Based on that judge Sarah. The warrant. I haven't committed a crime. But they're treating me worse than any criminal. My home is my sanctuary! Perfectly! Up to code! You don't need a permit to paint, repair, or maintain you—[cuts off at 5 minutes]

Friday, October 4, 2024 1:17:42 PM from 651-241-8211:

Marcia Moermond this is Sharon Anderson again. Right now I'm demanding that YOU HAVE A LAWYER for me under elder abuse, being held illegally, against my will, that you have set up Tuesday the 8th, in the hospital, a hearing. Only that my 697 Surrey—I've been there 34 years. It is not a vacant registered building. It is fully occupied with personal property, a couple million dollars' worth blah blah blah. It is only to prove the building isn't vacant. It must get into a quiet title. Your jurisdiction is limited. Whatever you do will be appealed right now. I'm DEMANDING representation under elder abuse. As a candidate in 67B. You are not going to cancel out my rights. I've been reduced to poverty. I have money. I have assets. There is no crime committed. This goes back to judicial malpractice on a state dated warrant. Right now, Moermond, you MUST HAVE legal representation for Sharon Anderson with over 100 blogs, \$100,000 a blog. Since I'm put at the hospital, with camera, that I have legal representation at this hearing. Ok. You have that here Tuesday the 8th. Goodbye!

Sent: Saturday, October 5, 2024 5:00:06 AM from 651-241-8211:

Marcia Moermond this is Sharon Scarella Anderson, apparently you've taken jurisdiction over a Vacant Building which is not vacant. Why don't you add the condemnation in? My property at 697 Surrey, which is a historical piece of property, has not been legally condemned. You MUST GET the warrant. You MUST GET that social worker, something—Paradise—who is now working with the County Attorney. You do not have the jurisdiction to quiet the title. Right now, I'm in a 9x15 room. Smaller. I'm in the broom closet. Haha, oh my God. I'm not in good health right now. I could be going into kidney failure. Now, that damn judge has issued a warrant without due process. What in the hell is going on there? I'm demanding my home, reinstate me in my home. Now this Parasite, Paradise, on August 28, now that's when Lisa Martin, who is also a defendant in the Magner vs. Gallagher case, blah blah blah, it was on that 10-point water meter—I don't need a water meter. Permits. You do not need a permit to repair and maintain. And there was no condemnation. None! What in the world is going on? Apparently Steve Magner, I've been fighting him for 40 years, Magner vs. Gallagher, US supreme court blah blah blah. Now, how in the

world can you keep me sequestered!? With my health. If that damn judge thinks she's going to rule me incompetent she better guide herself accordingly. I'm on the ballot. I have my rights. Just because I'm 85 going blind, incontinent, probably in kidney failure now, in a broom closet at the hospital. What in the hell do you people think you're doing? You're violating the public safety, health and welfare. It is not just my property. It is 693 Surrey, with the terroristic threats in the past 5 years. The damage the utility pole on my driveway. You, let's play the game, but right now I'm at the hospital in a broom closet. Give me a break. The jurisdiction right now is with County attorney John Choi who is also licensed in Chicago. I'm listening to the Graylord cases where they brought down corrupt judges in Chicago. Right now, I'm filing criminal complaints against the judge, Sarah Grueling [sic] whatever the hell her name is. The warrant that was served on me by the cops took me to the United Hospital September 9th. Where were the condemnation? There weren't any. She overstated her authority to the point of judicial malpractice. Guide yourself accordingly. What are you going to do with me? I want my home back. Right now criminal trespass by the City of St Paul that's been going on for 20 years and it started with <http://sharon4anderson.blogspot.com> in 2007 when they stole my car, stole my trailer, and right now the judge is complicit big time. I'm on the ballot 67B. Guide yourself accordingly. I'm in a broom closet. Oh my god. Where is the health, safety and welfare of me? Just because I'm a Trump supporter. Now if that judge thinks she's gonna set me up to rule me incompetent to stand trial, then am I competent to vote? Am I competent to run for office? I'm on the ballot. This is also a major election case. Major title to real estate case. I'll play your game but right now I'm not feeling good. I'm in a broom closet. I haven't committed a crime. That warrant must be addressed. And the business with that Parasite, Paradise, who is with the County Attorney now, I think the jurisdiction is with the County. My answer and cross complaint against you, the City, the judge, is millions of dollars. Let's quiet the title. Put me back in my home! [cuts off at 5 minutes]

Saturday, October 5, 2024 8:58:42 PM from 651-241-8211:

Marcia Moermond, you've got this phone number. I'm being held as a political prisoner. Now, where do you have the subject matter or the authority to come to the hospital knowing I'm a candidate in 67B. Now, United Hospital is Rebecca Noecker. I'm being held against my will as a political prisoner. My health has been impaired, big time. Now, Marcia Moermond, how in the world are you qualified to have a hearing on a Vacant Building, waiving the filing fee, but you are coming as far as I understand it, you are coming to the hospital. You are not qualified to hear an election contest. That should go before the County Attorney. You are not qualified to hear a condemnation proceeding when there isn't any. I suggest you combine this Vacant Building over a million dollars of inventory, its—occupied! Big time! Combine it with an alleged condemnation which I've never been served. This is into judicial malpractice of Sarah. Get this crap in order. People don't know I'm a political prisoner here. This becomes a high-powered election contest. You aren't qualified to hear that. I'd like to know how in the hell you have the jurisdiction. I think the City is pretty nervous of an occupancy—697 Surrey I've been here 34 years. Marcia Moermond, what is the subject matter and your authority. I'm being held by the hospital, complicit with a bogus warrant since September 9. Are you qualified to hear all this? I'm a political prisoner for Godssakes. I'm on the ballot. I'm denied the right to campaign. Just because I'm a Trump supporter. Now if in fact this whacko judge “woken” w-o-k-e-n issues some type of another warrant to

state that I am not qualified or that I cannot go to a jury trial. Right now, she has made me a ward of the State while I'm a candidate, republican. Now if in fact a senior citizen is ruled incompetent to stand trial while a republican candidate in 67B, then every senior citizen is not qualified to vote! That is a constitutional issue. A constitutional issue we'll bring in the judicial malpractice of Sarah, I don't even know her last name, issuing a warrant, having the cops come in, break down my door. Somebody had to call the paramedics to United. It should only have been for 2 days. But the judge has conspired to quiet the title to condemn my property without probably cause and without a hearing. Tuesday the 8th, I'll play your silly game. Now, will I be able to sit in a chair? I'm a ward of the State. I DEMAND a lawyer. I DEMAND why in the world do you have any authority or jurisdiction to try a Vacant Building which is occupied with over a million dollars of articles or the condemnation. I don't think you're qualified. I'm a political prisoner right now. You know it. The whole matter should go before the County Attorney. Judicial malpractice. You can't issue a warrant without due process and without a hearing. I'm a political prisoner right now, Marcia Moermond, are you qualified to take from City Hall, in camera, and come to United Hospital [cuts off at 5 mins]

Saturday, October 5, 2024 10:43:56 PM from 651-241-8211:

Marcia Moermond this is Sharon Anderson. Your little pretense of your little cubicle and your subject matter and authority, it doesn't make sense. You have Zoom. Why don't you stay in your little precious cubicle at City Hall. Do a Zoom with a computer at the hospital. I'll be in a chair. I hope I have an advocate. And we'll answer everything. Why should the hospital be a court room? Zoom will go public. Right now, the City is ass backwards. You know you can't have a Vacant Building in one day. As far as I know. Million dollars' worth of inventory is OCCUPYING MY HOME! You must combine the condemnation. I've never been served with it. I've been sitting here since September 9 in a storage room. 9x15'. I'm a political prisoner. I'm on the ballot. The hospital has denied me my affidavit to, you know, for my vote. They denied me my personal property which has the warrant. All this garbage, the constitutional question that a Ramsey County district judge to issue a warrant September 9, to haul me down to the hospital without particular evidence, and here I sit. I'm a political prisoner. I can't campaign. Moermond you don't have the jurisdiction for an election contest. Either Keith Ellison or John Choi does. You do not have the jurisdiction on a quid pro quo to define and reopen *Magner vs. Gallagher*. You do not have the jurisdiction to just come to the hospital. Oh, you're so important. Oh my goodness you're important. You're gonna go to the hospital and you're going to have a hearing. Have the hearing in your office, girl! We're high tech. You have Zoom. Come to the hospital. Ask me whatever questions you want. You know damn well I'll appeal this "so called" Vacant Building with a million dollars occupying my property. Why—you're evil—you don't have the jurisdiction. You're not going to make the hospital bed a court room with high tech, combine the condemnation which I've never been served with. I'm entitled to get back in my home by a judicial malpractice which is the jurisdiction of either the County Attorney, Keith Ellison the attorney general OR the Supreme Court! That judge CANNOT ISSUE A WARRANT to come and terrorize me. Take me out of my own home. The hospital can only hold me for 2 days. There's no medical [muffled]. You're pretended importance Marcia Moermond, do what is right. Stay in your little office in City Hall. Notify Rebecca Noecker that the hospital, united, is keeping me a political prisoner. Denying me my right to campaign. You do not, Marcia, have jurisdiction over an election

contest of this major importance. Notify also Jalali-Nelson. Muslim. She was Keith Ellison's aide in congress. Right now, we're going to define election contest, condemnation, judicial malpractice denying me a right to hearing. Marcia Moermond I suggest, oh come here if you think you're that important, why make a hospital a courtroom. And if it's a courtroom you better have that Sheriff right there. Thank you for your time. Guide yourself accordingly. My answer and cross complaint on all the bullshit, look at the abstract of the property. A Mr. Luken [sic] 1888 had all 40 lots. The equity skimming. The corruption of the City of St. Paul must be reopened. Magner the Maggot vs. Gallagher US supreme Court case 10-1032. My answer and cross complaint, at least a million dollars a year since that thing next door [cuts off at 5 mins]

Sent: Saturday, October 5, 2024 11:37:45 PM from 651-241-8211:

Marcia Moermond, this is Action Anderson according to pre-trial discovery which you are pretended subject matter and jurisdiction, you notify Rebecca Noecker who is Jewish. United Hospital is in Ward 2. The Dr. I've been assigned to today is Dr. Bernstein. He's Jewish. I support Jerusalem. Now, its proof that Rebecca Noecker be involved with this alleged condemnation. My building, 697 Surry, which is historical, I've been there 34 years, and the harassment by Magner the Maggot vs. Gallagher US supreme Court blah blah blah. Where is the pretrial discovery? How did Marcia Moermond, just a little peon with the City of St. Paul, accept jurisdiction? Overriding the warrant, September 9. That is judicial malpractice and Moermond doesn't have the jurisdiction. If you're going to proceed, Marcia, with your pretended authority, you do it from the City Council hall and you put it right before the City Council. It is high tech, with Zoom, I won't sit here as a political prisoner, candidate 67B, my legal domicile, my little sanctuary. 1888 Mr. Ruben had 40 pieces of property. The equity skimming blah blah blah. Right now, I believe that the warrant issued by Ramsey County district judge without a file number, no crime committed, but it has taken away my property. That is judicial malpractice. Moermond you don't have the authority and the jurisdiction. I advise you, legally, to start from the beginning. That's judicial malpractice of the judge. You really don't have the authority to even have jurisdiction. My property is occupied. Millions of dollars' worth of personal property. I've been there 34 years. Let's get this crap straightened out. Magner vs. Gallagher—Steve Magner—guilty of the settlement officer quid pro quo when Carter was on the City Council and that's when they started this Excessive inspection against me without due process without notice on and on and on. Check my property tax statements. I'm demanding a refund of all the Excessive Consumption since 2017. It amounts to about \$14,000, \$15,000 dollars. The City cannot come in on a bogus warrant, which has not had a hearing, no crime committed, no tickets, Marcia Moermond you really don't have the jurisdiction. You don't have the authority to quiet the title. You don't have the authority to override a warrant! You stay in your little cubicle, Tuesday on the 8th of October, and you do a Zoom from your office to the whole City Council to the hospital, particularly I want Rebecca Noecker involved as she is Jewish, United Hospital is complicit. I can't even find out who their lawyers are. They are holding me as a political prisoner. Is that because of the warrant? Marcia Moermond, guide yourself accordingly. This is never going to end. I'm not going to die over this. I've made up my mind. I will stay alive to fight! Fight! Fight! Vote for Donald Trump! The marines, and vote for Sharon Anderson! Now it is an election contest, big time. But everything goes to the Ramsey County district court judge. Marcia you don't really have the authority or the jurisdiction to override a warrant that is not---if I were to get elected I would pass legislation that ANY warrant must [cuts off at 5 minutes]

Saturday, October 5, 2024 11:43:33 PM from 651-241-8211:

Marcia Moermond this is Sharon Anderson, political prisoner on the 4th floor at United Hospital. Denied my right to campaign. Good god. Anyhow. For right now the answer and the cross complaint, you do not have the jurisdiction or the authority to have United Hospital as your private court room. Listen girl, you get with it with high tech intelligence. Thank God Elon Musk is a Trump supporter. Anyhow. You get with your jurisdiction. You're in City Hall, go public on your part then you notify, on a computer, Sharon Anderson, Ward of the State, demanding a lawyer, the issue is: election contest. Judicial malpractice. Since September 9 a defective warrant without due process, evidentiary hearing, disclosure. The inventory at 697 Surrey must be tallied. The computer alone is worth \$10,000, but girl, the Blogs! 100 of them, \$100,000 a blog plus the basic necessities of life. My TV, my stove, my fridge, where are my cat and dog? You do your pretended authority from your office at City Hall. Have all City Council people on that. You notify the hospital on your computer. I'll be sitting in a chair someplace. We'll go from there. The inventory is millions of dollars now. Goodbye.

Sunday, October 6, 2024 1:40:59 AM from 651-241-8211:

Marcia Moermond this is Sharon Anderson from her hospital bed. I just called. 612-377-7777 Steven whatever his name is. You MUST resolve this issue if you have the subject matter jurisdiction. Which you do not. You better not tear my house down. You better do the inventory. I'm in a rock and hard place. I'm technically a political prisoner at the hospital while I'm a candidate in 67B. You don't have the jurisdiction. You stay in your little cubicle. If you're going to do the Vacant Building, oh you waive the \$25 fee. Aren't you kind. Listen here you. The jurisdiction right now is the Ramsey County judge for her judicial malpractice to issue a warrant September 9 that has denied me any type of defense, lawyer, anything. That judge will be held accountable, therefore, to resolve this issue. I'm a political prisoner. No crime, no nothing. Marcia Moermond you really don't have the jurisdiction. Get real. My building is occupied with over \$1,000,000 in inventory. The City cannot be doing what they're doing by Magner vs. Gallagher. Get real. I'm laying here as a political prisoner. You notify Rebecca Noecker, she is Jewish. She handles United Hospital. Who in the hell are their lawyers? You notify Dr. Berenstein at United Hospital who has been assigned to me. I support Jerusalem, Israel, I feel comfortable with him. But right now, who are the lawyers for United Hospital that have allowed me, Sharon Anderson Age 85, on the ballot 67B to be a political prisoner for 30 days in a closet. 9x15. This is unheard of in the United States of America and it all goes back to the woken DFL democratic Ramsey district judge. She should be disbarred and removed. I'm trying to get a lawyer. The one I really want is the one who is handling Carol Nassif [sic]'s case when Nicole Massive, state attorney out of Woodbury snuck into her stepmom's home near Detroit Lakes. What's her name, another, Lucy—her mother they shipped her up to DL nursing home and they killed her mother. There's too much crap going on with elder abuse. It starts at United Hospital. Marcia, get your ducks in a row. This is a money game. It is an election contest. You're not going to destroy my little sanctuary, little pink house. Goodbye. Bitch.

Sunday, October 6, 2024 8:51:17 AM from 651-241-8211:

Marcia. Sharon Anderson from her hospital bed. Until we get this jurisdiction authority straightened out I think I should cancel your alleged jurisdiction and authority. My building is occupied with a million dollars' worth of personal property. Right now, I'm in the hospital. I'm a political prisoner. Right now, I think its advisable that I cancel your hearing until another time and/or you take my answer and cross complaint now. Everything will go the corruption of a Ramsey County district judge issuing a warrant September 9, keeping me in the hospital. I'm not going to be railroaded. I'm perfectly competent. Now, if that judge with a warrant that there's not particulars of the jurisdiction having two cops come in, break down my door, put me in the hospital. United should have only kept me for 2 days and put me right back in my home. This is corrupt conduct, big time. I'm a ward of the State and until United provides me with a lawyer, and I know who their lawyers are, Marcia Moermond continue whatever you think you're doing until the September 9 warrant is addressed. Do you comprehend? Goodbye.

Sunday, October 6, 2024 9:27:23 PM from 651-241-8211:

Marcia Moermond you have this phone number. How in God's name did you even acquire authority subject matter jurisdiction on a so called "Vacant Building"? My building is not vacant! It is occupied with my person property which is a couple million dollars' worth of stuff. How did you acquire any jurisdiction on a Vacant Building? The City must be held accountable. I'm a ward of the State. Been reduced to poverty by the frickin' judge Sarah. Don't even know her last name. She issued a warrant September 9 and I've been held illegally as a political prisoner at the hospital. You aren't going to come to this hospital. If you're going ot do any type of situation you better get your foundation first. A year ago, I had a bill of sale for \$1. You better start checking your records. How, Marcia Moermond, I've never accepted your so called jurisdiction. How did you acquire this alleged Vacant Building? Where is the condemnation? Who did it? Where are the provided papers? Were all people that have an interest in the property notified? That includes Darlene Rubens with her four boys up north. The heirs assigned and whatever is going on. My husband Corporal James Anderson, he's dead. He was murdered 20 some years ago. Whatever. That judge has issued a warrant without a hearing, without a dispense, without a lawyer provided for me. Trying to reduce me to poverty. She is nothing but a carpet bagging swindler! I'll give her an affidavit of prejudice. That warrant is useless. How do we go from the judge with a defective warrant that---I won't be terrorized by the court any longer. Hometown, home grown, in MN. I'm on the ballot from my home at 697 Surrey. That judge has exceeded whatever the hell she thinks she's doing. I don't think she's very smart. You can't issue a warrant without some type of hearing. Appoint me a lawyer. The amount in controversy at my home—1888---quiet title—where are the 40 lots ? Where are the quiet titles? Marica Moermond I don't know what to do with you. Where are you going to have a Zoom meeting in my little 9x15 room? You're not! I'm a human being. I'm fully competent. If that stupid judge issues I'm mentally incompetent to stand trial, then I'll tell you every voting senior that's over 75 is incompetent to vote. This is an election contest big time, girl. I am a republican. I love Donald Trump. I would die for Donald Trump. The only lawyer I respect right now is JD & his wife from India. Brian White. It's on my ballot. Where do you, Marcia Moermond, come off with any jurisdiction or authority to even run a Zoom? The Zoom would only be in your office. That Zoom better go before the entire City Council. The County Board. The State of MN. I will win this one! I'm mentally competent. I've been held illegally as a political prisoner by that stupid judge, a licensed lawyer. It used to be it was learned in the law. MN

Constitution article 3 separation of powers. Now to be a lawyer judge you have to be licensed. Goddamn it get out of the executive and legislative branches you lawyers! I'm not going to put up with this much longer. I have a place to go. Ramsey County better pay the bill. \$1,100 a month until we resolve the equity skimming of my real estate. There is a bill of sale all owners were never notified by September 9. I don't know what to do with you Marcia. You better guide yourself accordingly. You aren't going to have a Zoom hearing in this little [cuts off at 5 mins]

Sunday, October 6, 2024 10:37:38 PM from 651-241-8211:

Marcia Moermond this is Sharon Anderson legal owner in fee simple absolute of 697 Surrey. You are NOT going to come into a room, 9x15 and try and do a Zoom. You can do a Zoom any other time. Until we get the warrant by the judge straightened out, you really don't have subject matter jurisdiction. And a Vacant Building? It isn't a Vacant Building, it has all my personal property. Let's do an inventory. Now millions of dollars. Where's the condemnation? After the fact? After I run for office? Right now, I'm being held prisoner at the hospital. This gets into major election fraud. You cancel—how in the hell did you get jurisdiction on a Vacant Building anyhow? You stole my property. Millions of dollars at issue right now. You are NOT ALLOWED IN THIS ROOM! Period! You aren't going to invade my privacy. PERIOD! You don't have subject matter jurisdiction, but the Ramsey County judge does! When she issues a warrant that isn't valid, its defective. I can't even get a hearing. I have a right to trial by jury. I have a right to a lawyer. This so called Vacant Building happening in one day? I want a refund from 2017 for all the Excessive Consumptions. That should be about \$14,000. My property is worth, oh, \$100,000. Let's go triple damages. 693 Surrey has destroyed my driveway. Let's get that into an issue. Steve Ubl, your City Attorney Therese Skarda refuses to issue a constitutional opinion on the lakes and land survey. Marcia Moermond, how did you think you acquired jurisdiction or authority to come into this room!? You are barred from this hospital room. You comprehend? Under the Rico act I WILL expose the City of St. Paul. Under the Fair Housing. In the case law Magner Vs. Gallagher which in 2017, the quid pro quo, Carter was on the Council. Then Mayor Coleman who thought he'd run for governor no way—anyhow. He's with Habitat for Humanity, but his daughter in law I believe is a state senator. A republican. Marcia Moermond you cancel that hearing! Until we have a hearing before the Ramsey County district court on a warrant—that takes precedent over your little---that building isn't vacant. Why don't you address 701 Surrey? Vacant over 25 years. You bet I'm mad. And I'm healthy enough. And God willing I will fight the corruption. We don't need you Marcia Moermond. We have A1 intelligence. We have drones. We have computers. What is your function? You don't need a job anymore girl. Cancel that bogus hearing on the 8th of October 2024. You aren't coming into this room. Goodbye.

Monday, October 7, 2024 5:54:59 AM from 651-241-8211:

Marcia this is Action Anderson. I'm naive but I'm not dumb. Now my electric bill is automatically taken out of my checking account every month. I'm up to date on that. My water bill is taken out every 3 months. The trash would be taken out, but I believe they are going to have new trash. There is no reason for you to come over to—United Hospital is not a court of law. The warrant does not have a case file on

it. I have a right to have a list of witnesses. United Hospital is not a court of law. That warrant is so defective and if Steve Magner went in, he might have created problems that weren't there. I demand to get back in my own home. It has not been legally condemned. I'm cancelling this hearing for tomorrow based upon where is the warrant? It has no case file. It is unheard of what is happening. Until we get a list of witnesses, until we have a court—I want every little piece of inventory. Every piece of paper. My abstract. Everything! You don't have the jurisdiction. My building is occupied with 34 years of property. Abstracts. Records. But the phone and the computer is the main issue. Over 103 blogs with evidence up to whazoo, 100,000 of blog. We're talking money now. No way is my house condemnable. And if Magner got inside the house he probably created problems. Now the toilet bowl, if that comes loose water will be gushing all over the place. I have water. I pay the water bill. But I don't use the faucets except for the toilet. I drink only bottled water. I've been denied due process. You don't have jurisdiction. But let's get into the condemnation. Let's go each and every little item. Lisa Martin Aka Aaron Foster convicted murderer Barbara Winn, defendant in the Magner vs. Gallagher case. Let's reopen that. Equity skimming 1058 Summit Ave. 325 North wilder 6 unit. 697 Surrey – a historic home. I own the property. I own the land. 693 Surrey, Steve Ubl, there was never a legal opinion by Therese Skarda that a survey is not legal. I guess you failed to address it. You aren't going to tear down my property. If you think you're going to hear a condemnation you better have it before the County Attorney. With the sheriff present. I am cancelling this for tomorrow. The only thing—why would you come over to united Hospital. Do you think you're that important? I don't think so. Your job should be abolished. We're in a high-tech age. My bills—my electric, my water bills, are on. My cable bill? Automatically debited from my checking account. You better get your ducks in a row. If we're going to have an impartial trial, I could go private attorney, AG, attorney pro se. I've been denied—I'm not stupid but I am naive. We're talking big money right now. Goodbye.

Monday, October 7, 2024 6:54:41 AM from 651-241-8211:

This Action Anderson again. I have a financial worker. I'm not quite sure what the case work is. My phone bill runs \$105 every month. My insurance Ucare runs \$35. AOL is another. My hardline phone. I pay my way. I don't need you. You are mucking around with a federal program. I pay \$15 a month for my food support. You do not have jurisdiction! You better cancel that. You are mucking around with my federal, state, federal civil constitutional rights. You are not fit to be a judge. You aren't licensed as a lawyer. You are not going to have this hearing tomorrow! If anything, we're going to get that warrant. I'm going to get back in my home. You better believe it. Like Poncho. I'm on social security disability. I'm not dumb, but I'm naive. I'll tell you girl. You're mucking around with my federal civil rights. I have a financial worker. Whatever is going on it will go to the criminal conduct of the judge. She can't be issuing a warrant without a file number, a case number. I want you to tell me who gave the complaint to you. Rebecca, what's her name- Nelson. 8151032 I'm a feds program. Right now, she has 300-some clients. That's a food program. You're mucking around with that. I have no clothes. I own that property, free and clear. Since 2008. I have paid over \$2,000 a year in excessive inspections but I never saw an inspector. You give me, Marcia Moermond, and you bet I'm mad, you give me a copy of any complaint. How would anything get to your office? Who is the complaining party? I challenge the Maggot, Magner the Maggot. I challenge that August 28 what's her name, Lisa Martin. There were 10 little items. Water, I have water, and don't you overflow the toilet. You don't need a water meter. I haven't drank the water in years. [Http://sharonanderson/blogspot.com](http://sharonanderson/blogspot.com) I have 100,000 of blog. Evidence up to whazoo. Marcia

Moermond, where are you getting the authority to even try to come over to the United Hospital. I've been here 30 days as a candidate. I'm not going to be set up. I'm on federal programs. You do not have the authority or jurisdiction. Now, inventory of my property—you can't go in one day. My taxes are paid in full. There's enough documents out there. I handle my own affairs. Good god girl, who do you think you're talking to? Goodbye.

Monday, October 7, 2024 1:24 PM from 651-241-8211:

Marcia Moermond I want some written documentation that this hearing tomorrow at the hospital is cancelled! I'm being dumbed down. I can't even vote absentee. Now, if in fact the Ramsey County district court judge is so corrupt to issue a warrant September 9, I'm still at the hospital. Against my will. If that person with the warrant that is not valid, you do not have the jurisdiction. I have answered and cross complaint as far as the Vacant Building crap. I own that property. Right now, I've fired Dr. Bernstein. He drew blood from me today. I'm a prisoner at the hospital. You don't have the authority or the jurisdiction. Give me findings and facts of an alleged condemnation. I own that property. I want something in writing that I have answered and cross complaint the only little bit of a Vacant Building. The answer and cross complaint is millions of dollars. The abstract shows I owned all 40 lots. I'm being screwed and tattooed by corruption. That's Magner vs. Gallagher. Goodbye Marcia! Put it in writing! The hearing tomorrow is cancelled. United hospital is not a court of law and if it were I want the sheriff here, I want a lawyer. I want my rights protected and the rights of every senior citizen protected. Right now, I'm a prisoner. I'm not here voluntarily and you are NOT going to come to the hospital. It is not a court of law. The answer and cross complaint, at least a million dollars a year from that neighbor, 693 Surrey. I FIRED Dr. Bernstein today. I'm so disappointed in him. I'm being dumbed down by the hospital. Which is not a court of law. Goodbye.

Monday, October 7, 2024 8:37:02 PM

Marcia Moermond this is Sharon Anderson from a hospital bed at United. Let it be known, let it be written, I fired Dr. Bernstein for his own protection. I support Rebecca Noecker. I support Israel. So for his own protection I fired Dr. Bernstein. Do you understand the politics that's going on here? You better. Marcia, your job is—we don't need your legislative hearing. The building inspector, accompanied by cops, should go right to the City Council. Shorten the process. Right now, I think I'm going to die over this. But not yet. This hearing tomorrow is so illegal. I'm going to play it out. Now you know, and I know, 697 Surrey, I OWN IT! The City is trespassing. The only thing that would be for the hearing tomorrow, which I've already appealed this. The building is not vacant. I've been there 34 years. God, I must be like a Martin Luther King type of thing because they're going to hide me under the covers. But under the blanket or under the found—I own that property and in 1888 a Mr. Luke owned it. Where is the alleged condemnation proceedings? Where are the documents "Moreland"? Why should you come over here in a 9x15 storage closet which has been my room, with a view, ha ha ha, since September 9th, 2024. It's against my will. But if in fact that judge has issued a warrant, without a case number, without a file number, she is culpable for my health, safety and welfare. She is culpable for what is going on at United Hospital. I don't know her background. I've got real bad vibes that she's probably a lesbian. I've had more trouble with Joanna Smith, Kathleen Garron, and they're both retired, they're out on their pensions, they're doing their thing. But for right now, this is Monday, the 7th of Sept—October pardon

me. I've been held here captive! A prisoner! Because I ran for public office. Just quiet the title to my property. 697 Surrey. Right now, I'm probably going to die pretty soon. I'm getting prepared to face my almighty. I believe in God the constitution. The City of St. Paul has gone Whacko. I don't care that "Ja-hala" [Jalili] Nelson Asian Muslim City Council president. I'm here for Rebecca Noecker. "Ja-hala" the way I understand it, is a lesbian Asian Muslim. What does that tell you? The women in a Muslim culture are being used. And Tattooed. And if they don't wear their alleged scarf or "habaka" or whatever—anyhow. That's another story. For right now my only concern—you don't have the jurisdiction to come to the hospital. It's not a court room. Do things properly. I own that property. I hope to god they don't tear it down. It is my little sanctuary. I intend to go back there. Steve Magner cannot issue a condemnation without due process. He better have the Sherriff[mumbled] me. The Sherriff Fletcher must be involved in process serving. For right now I'm denied the right as a candidate in 67B. You have reckless disregard for due process of law. I have a right to be served, I would think. I have a right to object. The only thing tomorrow, according to the way I understand it, is the Vacant Building status. I've appealed it verbally because I'm actually a prisoner. [cuts off at 5 mins]

Wednesday, October 9, 2024 8:09 AM:

Marcia Moermond, please take legal notice. August 26th. My neighbor had called because it was 90° and the cop body cam, Nikki, and I think it was Kelly Moran. August 28th is the subject matter at hand. Body cammed, by Matt the cop who threatened me and the complaint was made. Threatened me that they were going to call the paramedics and put my dog in a shelter. I notified that. That's the same day, August 28th, that that Nicole Paradise acted as a process server with like a 10-page document of Lisa Martin. Now, did you hear any type of a condemnation proceedings? If you did not, why not? I would have had the right to have the sheriff serve me legal process. This whole thing is ass backward. For right now, who heard a condemnation proceedings? Who served process service on the condemnation proceedings? That stupid social worker who now works for the county attorney could not act, as her and Lisa conspired, all on the body cam, by Matt the cop and on the two cops, I think Ryan and Becker. Who heard a condemnation proceedings? Which, apparently, has given you the authority to then state that the building is vacant. I own that building. The city is trespassing on my private property. They are violating my right to run for office and I have been here since the 9th of September. Marcia gets her ducks in a row. You make sure that Rebecca Noecker on the City Council, with the jurisdiction in Ward 2 of United Hospital, and I've been held here for 30 days and 30 nights. You make sure that the Ward 7 councilperson, that a black lady, I think her name is Cheryl Brown or whatever the heck it is. You make sure that when you are getting your recommendation, that you have your legal authority, you have all your ducks in a row, and bear in mind that Therese Skarda has refused to issue a legal opinion on the lakes and land survey. This has been going on too long. My answer and cross complaint is now millions of dollars. You're saying my personal property, my computer worth \$10,000, 100 blogs with all the evidence, YouTube, on and on and on, is not valid. My personal property is valid, \$1,000,000 is occupying my homestead. Goodbye, Skarda. Whatever you recommend, it will be appealed. And there's the City Council under the guise of Mayor Carter and Therese Skarda, who have for decades been filing on the consent agenda without due process to any property owner. This is not just me, girl. This is the whole City of Saint Paul, with your deceptive Ponzi scheme of denial of due process. And then when you are not notified then it goes to the Ramsey County tax rolls. My property taxes are paid in full on a homestead value. Goodbye. Guide yourself accordingly by law.

Tuesday, October 8, 2024 8:27 AM

Marcia Moermond, you have this phone number. Right now, you are dirty of simulating legal process. That's a crime. You better be careful. I'm not threatening you. I'm explaining the law to you. You don't have the qualifications or whatever. Your job should be abolished, this business, anyhow. You failed to give me a list of witnesses. A Zoom call. You have to use this phone number if you think you're going to use this room. You've had this number over 10 times. Right now, it's apparent that you are simulating legal process or trying to. You're guilty of a crime and we're not going to put up with it. Goodbye.

Tuesday, October 8, 2024 3:08 PM

Marcia Moermond, this is "Action" Anderson from her hospital bed at United Hospital. Please take legal notice. Apparently, Lisa Martin has issued a condemnation on my ownership of 697 Surrey. Then, and therefore you acquired so-called jurisdiction and authority to register vacant building. You are failing to include the fact that Lisa Martin is a defendant in United States Supreme Court case 10-1032. Technically, the settlement in 2017, that the Mayor Carter was on the City Council, Coleman, that lying lawyer, was the mayor. You must reopen the RICO Act of the United States Supreme Court case *Magner vs. Gallagher*, that Lisa Martin is a defendant. God, I'm going to have some fun with this and I'm going to make a lot of money. All right, so this condemnation, proposed by the Defendant Lisa Martin, which the 10 or 12 points did not include a roof, did not state any condemnation proceedings whatsoever. If we're going to condemn my house, do it right, have the sheriff serve me. The only service that I've had is an illegal warrant, September 9th, which must override your whatever you're doing to the City Council, from the City Council. Then it will go to the court. Thank you. Guide yourself accordingly. Lay the foundation. Do it right. Goodbye.

Tuesday, October 8, 2024 7:55 PM:

Legal motives, Ms. Marcia Moermond. Until we get this condemnation crap straightened out, did you hear any condemnation proceedings? August 28th, my brother's birthday, the cop, Matt, threatened me. Calling the paramedics, he's going to put my dog in the shelter. Okay, I called the police. All this crap stems from the defendant, Lisa Martin, United States Supreme Court case 10-1032. She's a defendant and the cop was six foot seven. Right now, you must submit the jurisdiction, but it will go to the County Attorney or the Attorney General under the *Magner vs. Gallagher*. Lisa Martin is a defendant with a cop that was 6 foot 7 on August 28th. The social worker, Nicole Paradise, now working with the County Attorney, could not act as a process server. It's all on body cam with Matthew the cop. Where and I said appeal the whole thing because all it was was a water meter. I don't need a new water meter. My water is not shut off. I shut off all it except for the toilet. Then it was something about permits. You do not need a permit to repair or maintain. You don't need a permit to clean all that. Parasite, uh, Paradise now with the County Attorney. I don't know if she's even licensed by the State, but she better be. I do not need the City's permission as the City of Saint Paul. Elder abuse big time against an 85 year old political activist

Republican, of course, in the middle of denied the right to campaign. This is big money girl, big money. The City of Saint Paul has criminally trespassed on my property. You, who heard the condemnation, was the condemnation served by the sheriff? I don't think so. It was served by this social worker who's now working for the County Attorney. Parasite. Paradise. Your jurisdiction girl. You cannot hear an election contest. You cannot hear a quiet title. You submit my answer and cross complaint that a couple million, \$1,000,000 worth of personal property occupies my homestead. The property taxes are paid in full. With a refund of almost \$2,000 a year on excessive consumption. \$2,000 x 8 is \$16,000. I'm not going to be bullied by you guys any longer. Therese Skarda, you've been doing notified. Mayor Carter, you've been duly notified. Stop your harassment, bullying, theft by swindle of private property and reopen Magner vs. Gallagher case. Carter, you said on the City Council in 2017, Coleman, who lost his bid for Governor, good god, but his daughter-in-law, Julie, I think is a Republican. But the quid pro quo right now, Magner. Any building inspectors are violating the quid pro quo from 2017. Picture facts in line. More money. Goodbye.

Wednesday, October 9, 2024 5:05 AM:

Marcia Moermond, we're going to go by the law. I believe if this is such a health hazard, to take my home, notify the state health department. I've got to get it out of your...you really don't have subject matter jurisdiction. This is a Ponzi racketeering corrupt act by the City of Saint Paul to deprive me not only of my home, but the election. You've been duly notified and by voicemail. I'm giving an affidavit of prejudice to the Ramsey district judge. You can't issue a warrant with no court date or file number. You can't do it. But you're doing it. You are part of a conspired effort of the Racketeering Act to destroy my life, my property. You take those boards down or get the State and Federal health departments involved. Take those boards off. As far as I know, there's no legal condemnation proceedings. Do you comprehend? Remove it to the State health department. Guide yourself accordingly, girl. You don't have subject over my house. How? And three days over Labor Day? No, just excessive. If I die over this, my heirs are assigned... You're not taking control of my property. There's no legal vacant building. The property taxes are paid in full. You're gonna waive the \$25.00 fee. Submit it to the State health department if it's that uninhabitable. You take those boards off. The City... I don't have to give permission to the City. The City is a bunch of gangsters. You notify the health department of the State. You get those placards taken down. You can't have 34 years of homestead, and then in maybe a week send it to vacant. Guide yourself accordingly. There's a lot of money at issue here, and my health has been impaired big time. Goodbye.

Wednesday, October 9, 2024 7:59 AM:

Marcia Moermond, It's "Action" Anderson from her hospital bed. Now, when you do your-- whatever you think you're doing, I want a long transcript. Because, listening to Nicole here, and something, or the other one, saying that I had the right to have my own maintenance people. You are overlooking this. Applying, where is the condemnation? Where is the nuisance? I thank the mayor's budget for the homeless. I'm homeless. Get me relocation money. Big. Time. You cannot be doing what you're doing by law, and the American Disabilities Act, elder abuse. Big time. I've been here 34 years. I've never submitted to your jurisdiction. Technically, you have no authority or jurisdiction. You have overlooked, misapplied, all the properties on the abstract. I've been doing this a long time. This is the first time I'm in

the jailhouse. No. And I'm going to get out of here and get my home back. The City cannot order me. It's my property. The City can't overtake it. There's no tickets. Start issuing criminal tickets. Take it to court. It'll be in court eventually. But where am I supposed to go in the meantime? I'm not going to move my stuff. The same thing happened to Bill Dahn in 23 years ago. What was it? 566 million or something and they put it in stores and sold it for \$10. The city is so greedy. Right now, they have money for the homeless. I want relocation money. The same type of venue, and in the meantime, it is not a vacant building. My property taxes are paid in full. You're gonna blame me out of money when I'm poor? You've reduced me to poverty. You better get your stuff straightened out. You put a long form complaint that will be transcribed and put on the internet, put on my property. Do you understand? So people know what's going on. I'm not really submitting to... You have no authority. You're just a little peon. A peon for the City Council, a peon for Mayor Carter. People aren't going there for you very much anymore on the consent agenda. Sometimes there's 25 to 45. A lot of those people are not going. Right now, there's taken, it's not valid. Get your stuff together. I intend to countersue big time. In the meantime, I'm homeless. I want relocation money, the same value or more. Plus, I'm keeping my property and I'm not selling. You are out of line with what is going on. My health is impaired big time. You submit all this garbage to the state health department. Goodbye.

Wednesday, October 9, 2024 8:13 AM

Marcia Moermond, I'm giving you legal notice. Apparently, you are part of a RICO Act under the Corrupt Practices Act under deceptive trade under quiet title. You give me a copy of a condemnation that was literally served by the sheriff. There's no reason...you get that condemnation lifted. I'm going back in my home because there's no legal condemnation, therefore. Lisa Martin, who was found guilty in *Magner vs. Gallagher*, she's also Mrs. Aaron Foster, who was convicted of the murder of Barbara Winn. I'm shocked she's even still working in the department. I believe that the Saint Paul police chief is the conspired culprit. You do not have a warrant. Who sent it to the chief Ramsey district court judge, without descending to particulars, without a case file number? That warrant is no, void, defective. United Healthcare should not have accepted the paramedics. And this is an election case. Big time. You are currently acting as, I don't know what you're acting as. You don't have the subject matter jurisdiction for right now. You check in the past six years how many times my life has been threatened and the police do nothing. You check that out. Enter the police file into the so-called vacant building. You don't give, over Labor Day, give three days to say, "You gotta get perfect. You got this and that, and another thing." The City of Saint Paul is criminally trespassing on my property. Right. Take those boards down, because you are violating under the American Disabilities Act. Under the vulnerable adult abuse. Take those doors off because they're not legally applied, and if you don't, the answer and cross complaint is millions of dollars. Guide yourself accordingly. You don't have the jurisdiction. I've been threatened and harassed by Ted Cobin and Tom Smith who're current undercover FBI agents, and that must be part of this file. My building must be restored under the Americans with Disabilities Act blah blah blah. Other than that, it's millions of dollars of damages. You are not qualified to be a judge. Take legal notice. The amount in controversy is at least \$1,000,000 a year for the past six years. Take legal notice. Who is filing this complaint? And I believe the warrant was a Saint Paul, Police Chief Henry. Guide yourself accordingly, girl, under the American Disabilities Act, under the Criminal Statute, Corrupt Practices Act, deceptive

trade on and on and on. You add the police file into whatever the hell you think you're doing. Goodbye. Goodnight.

Wednesday, October 9, 2024 3:21 PM

Marcia Moermond. You're not going to break me. This is Sharon Anderson. My health is impaired. Am I under a civil commitment, for Christ sakes? With that warrant, you people cannot be doing what you're doing. My health is impaired. Where am I going to go? I want relocation money, homeless money, on and on and on. Apparently, I'm under a civil commitment without a court order. I've stuck here since September 9th. You better get your ducks in a row, girl. I hope I live long enough to fight this, but I'm not doing very well. You kicked me out of my home, put me in the hospital where I've got pneumonia now, and the paper won't print anything. What if I win the damn election? I don't want to win the election. Asian people, or Hmong people, on the Senate part, on the democratic part, of 67B, they are family, they respect their elders. You guys don't. Get the ball rolling as soon as possible before I need my absentee ballot. I'd like to vote for Trump before I die. I'd like to vote for Brian White before I die. I'd like to vote for myself, for Christ sakes. The public must know what the Hell's going on. Apparently, I'm under a commitment. I can't go anywhere. Can't go back to my home. This city eventually, I've been fighting you guys for 20-30 years. I'm telling you. To be committed technically to the hospital, for now, 30 days and nights, without a court order. What the hell is going on? What is the cost to the taxpayers? Better straighten this out. Apparently, I'm under a commitment without a court order. Goodbye.

Tuesday, October 8, 2024 9:04 PM:

Marcia Moermond, I found my MAGA hat. I'm not finding \$5,000 worth of my vitamins. You know what vitamins cost, for God's sake. A tiny little 30 oz bottle is about 60 bucks with OcuVite, and I had a huge bottle. I'm not finding it right now. I'm telling you, the warrant is relevant. The hospital never should have admitted me. The paramedics, they said, "We'll take her back home" before anything was boarded up or anything. The work does not have a file number or case number. You guys are ass backward. I'm going to make a lot of money off of this. You are criminally trespassing on private property without due process of law. If there was a condemnation, it was August 8th, by a social worker that didn't have, she's not a process server until I get served by the Sheriff Fletcher. It's a condemnation notice that I have a right to object, have a right to get a lawyer, blah blah blah blah. You're, I'm going to say Bishop, of a vacant building. You better guide yourself accordingly, because now with an appeal to the City Council. Who represents the City Council? It's not later until the Mayor and Therese Skarda to sign off on it. I'm going to nail Therese Skarda. For five years I've been trying to tell an opinion on a Lakes & Land survey. Now we're gonna go through the whole process and we will end up before the Ramsey district judge. You can't issue a warrant without a file number, but she did, and the hospital accepted it. And Nikki said that right now today, and she's kind of laughing. But, I found my MAGA hat. I want my vitamins. I want this stuff straight. Note the action and cross complaint by the reckless disregard of human suffering, pain and suffering. Then go and take bobcats 6 inches from the gas line on your [unintelligible]. You're gonna blow up the whole damn neighborhood.! Guide yourself accordingly. Get that appeal as fast as possible. Then the City Council is tied in. Give it a timing, the tight end, and if the Mayor and Skarda sign off on it,

they are tied in, we will go to court before the Ramsey district judge as soon as possible because she is in a warrant with no file number. That's digital malpractice. Goodbye.

Tuesday, October 8, 2024 11:28 PM:

Marcia Moermond, this is Sharon Skarella Anderson, still at the hospital. You better have a foundation of any of these condemnations, uh blah, blah, blah. Who's making the complaints? There's no valid condemnation. The sheriff never, and I'm telling you, girl, that warrant is illegal as hell. It does not have a file number, and you say, "Well, you can.." You better take pay attention. That warrant. Who made a complaint? And the paramedics at the hospital should...there's nothing wrong with me. They should have put me right back in my home. In a way, it's the hospital's fault. It's the Police, the paramedics, and I'm going to get to the bottom of this. I'll stay alive just to fight you people. You've been around a long time, too long. You've been readily notified. The amount in controversy with the abstract, which you're not qualified to try Title 2. There were 40 lots. 697 Surrey was the main one. You better pay attention to the legalese. No way is my house vacant. It's going to end up in court by a crooked Chief Judge, Sarah Grueing that issues warrants that don't have a file number, a case number. And who made the complaint to the chief judge to issue the warrant? That's where it starts. September 9th. Goodbye, girl. No matter what you do, I'll appeal anything all the way to the US Supreme Court. Like I did in <http://sharon4anderson.blogspot.com> when the city arbitrarily shut my water off. Bill and I went to federal court. Goodbye.

Wednesday, October 9, 2024 1:03 AM

Marcia Moermond, this is Sharon Skarella Anderson, owner in fee simple of 697 Surrey. Now, I pay the electric bill every month. It's occupied. I pay the water bill every three months. It's occupied. The phone bill, my ISP provider. That's \$105.00 every month. I pay AOL every month. UCare. It's occupied because I'm paying the bill. If you are conducting under the Racketeering Act, thanks, Steinhauer, with the United States Supreme Court case 10-1032. My property taxes are paid in full on a homestead basis. You can't have a vacant building within one month. The whole issue is the warrant. You can't have a warrant without dissenting the particulars, without a case file number. You can't do it. I called the police chief. He's a rotten police chief. I believe that he has acted outside of his authority and jurisdiction to file a complaint to the judge. There's no case file where the subject matter starts and begins and ends. This whole crap starts--who is making complaints? You better get your ducks in a row, girl. No matter how you roll. I own that property. You understand? I own all 40 lots from 1888. The amount in controversy is over millions of dollars. I'm not going to be threatened any longer by Ted Cobin. Who is making these complaints? Lisa Martin? She can't. She has never been in the building. And then on August 28th, that's when this shit started. And the cop, Matthew, threatened me that he's going to call the paramedics and put my dog in a shelter. Why is a cop threatening me, he's going to call the paramedics? The 30th of August, they're pounding on the door. Why are they pounding on the door? And I think that's when they put a placard, Order to Vacate, which I didn't know until a couple of days later. That gets us into September. Now, who is filing these complaints? You do not have subject matter jurisdiction over a

vacant building because it's not vacant when I pay the bill. Then let's get 701 Surrey. Vacant over 25 years. Give me a break. I'm in the hospital as a ward. As a technically, I'm a ward of the State. The amount of controversy, what's it costing? Every day, every day, every day? This is an election case. Better get your ducks in a row. Goodbye.

Thursday, October 10, 2024 12:50 AM

Marcia Moermond, I'm not dead yet. Now, did you expedite your hearing on the vacant building? It should have been heard Wednesday. I need the document. We don't have cable television in the hospital. I'm still here, and I'm getting very upset. My health has been impaired big time. Now, did you expedite the hearing before the Council yesterday? If not, why not? We're going to get this into court. I demand to be back in my home. If in fact there was a condemnation before Lisa Martin, where is it? Who heard it? Technically, I've never been served with it. You better expedite that hearing and get it before the Council so the Mayor Carter can sign off on it and then go to District Court. And the warrant has no file number. So, am I civilly committed? I need my home, my inventory, and I need an answer and cross complaint against your... you are purposely delaying a crisis matter. I'm still in the hospital. This is costing Ramsey County. Eventually I will win this. I will get back in my little 100-year-old house, and the case law is "**Kaido vs. Newfoundland**". The other case was United States 10-1032 Magner vs. Gallagher, and you know it. Lisa Martin is a defendant in that case. So is Steve Magner. I want my home. And if you do not expedite it, why not? Why not? Let's get it in the court. Let the world know what's going on. And I'm not dead yet, but I'm getting close to it. Goodbye, Marcia.

Thursday, October 10, 2024 5:49 AM

Marcia Moermond, this is Sharon Skarella Anderson. Your total disregard for my rights. You have never called me back after I've made about 15 calls. You have failed to have an advocate for me at this hearing. Your reckless indifference to have a fair, impartial, hearing, and you're going to argue with me when I have a right to a defense. You cut me off. I know how corrupt you are. Your job should be eliminated. A house that is exempt. You did not conduct a fair hearing. According to state federal laws, you should have delayed it until I had an opportunity to get a lawyer, which is what I'm doing now. Who knows where I'm going to be. I have no place to go. I don't give a damn how you rule, but you better add in the police report. All the rest of that stuff. A homestead, girl, is exempt. You cannot get even hearing a vacant building. When did you hear the Lisa Martin condemnation? That was allegedly on appeal from that other social worker. You should have delayed the hearing until you gave me a list of witnesses at this phone. But you wait until the last minute. Don't underestimate me. Don't answer the elderly. Do not underestimate my candidacy for the House of Representatives in 67B. Your hearing was so impartial. Reckless disregard of my rights. They even have it in a hospital room surrounded by three social workers. Where was the lawyer hired for me? Goodbye. Anything you do is on appeal automatically by your reckless disregard of the rights of a homeowner senior citizen. Elder abuse. Candidate, girl. Republican 67B from my legal homestead. You don't have the jurisdiction to even hear a vacant building. No, I'll win in the end. And if I and I'm going to live long enough to do it. You did not conduct a fair, impartial hearing in a court of law. Goodbye.

Thursday, October 10, 2024 6:03 AM:

Marcia Moermond, Sharon Skarella Anderson, candidate in 67B from my uh... You conducted such an impartial hearing. Now the three social workers kind of stood right at the computer. I do not give you permission to have any type of hospital bed with me sitting on it. You girl, that's a violation of my rights. Big time. That hearing was so impartial, so unfair. You never bothered to give me a list of witnesses, what they could testify to, when, where, what and why? You're going to get fired over this, believe me. Thank you for your time. Wait, doesn't the defendant, so-called, get a lawyer? Goodbye.

Saturday, October 12, 2024 6:17 AM

Marcia Moermond, how dare you Violate the American Disabilities Act in the matter of Sharon Anderson. How dare you violate the vulnerable adult abuse by the City of Saint Paul? How dare you issue your pretended recommendation. How dare you not notify me? Don't underestimate my intellect, even though I'm 85. How dare you not address or answer me? I have given you this phone number at the hospital. How dare you issue a recommendation adverse to my rights? How dare you? Where is the condemnation order? How dare you not notify me? How dare you not have the American Civil Liberties appointed to hear this case? How dare you manipulate, exploit, for decades now in your pretend, egotistical job of Legislative Hearing Officer. How dare you not give the full recommendation? How dare you? You can't quiet title. How dare you even hear a situation like this. How dare you not to notify me, the victim? Do you realize the warrant signed by a judge, just a court judge, takes precedence over your pretended recommendations to violate my rights? Getting kicked out of my home. I have water. This has been going on since 2007 when my car was taken off the yard by the black police chief at that time, Tom Smith, current undercover FBI, cheating on his wife with Ted Cobin at 693 Surrey. How dare you, Marcia Moermond, violate my rights, not to even give me a call. They tell me a list of witnesses, what they can testify to. How dare you, girl, not take my objections. You sent it to the public nurse of Ramsey County, I think Lauren Lightner, that the subject matter is gone from the City of Saint Paul. Let's get this crap before the City Attorney. It involves the corruption of Ramsey District Court Judge Sarah Grueling, Brewing, whatever her name is, and conspired with the Saint Paul police chief to do this stuff to wipe me out while I'm a candidate in 67B. You better guide yourself accordingly. This is millions of dollars of damages. You cannot do what you're doing. And if you have a hearing on the recommendation, the fact that you're not even notifying me and voicing my objections... I've been at 697 Surrey for 34 years. Let's go back to 2007, when the City did shut my water off, I had to go to federal court and that federal judge Rosenbaum, who lies to Congress. There's so much corruption going on right now. You've been legally notified. I'm calling this hospital room. You've got the number, you've got caller ID. A Hospice room. You dare violate my rights or any senior citizen that has the right to vote and hold office. How dare you, Marcia Moermond? You should be fired. Your job is not necessary because we have drones. We have AI intelligence. This is an election year. How dare you violate my rights not to give me due process, appoint civil liberties to represent me? How dare you? You are just as rotten as the apple that fell from Adam and Eve. God, you've never married. I don't know if you're transitional or bisexual or what the hell your status is. I did a dossier on every City Council, their homes, then and with...anyhow, how dare you? I'm sure if there's a hearing on Monday when Lightner has time and then girl, we're going to appeal it right

to the District Court before the Ramsey judge. Sarah Building, Grilling, whatever her name is, and then let the warrant speak for itself. Goodbye.

Saturday, October 12, 2024 8:02 AM:

Marcia Moermond, this is Sharon Anderson from her hospital bed at United. You know what the number is at. I don't know what it is. I think I'm in room 4530 or 4350. I don't know. My list of witnesses are: Bill Dahn. He knows that the water is turned on in the basement. Handyman, 285-7657. My second list of witnesses is Arturo Lee, my handyman, 432-7000. The third list of witnesses is the United States Senator **Gwen Wright**, Wright, pardon me, bright white. I want him notified. And the list of witnesses the United States Senator must have included in your documents the affidavit. Do you understand? Second list of witnesses is Tom Emmer, who's the...for Donald Trump. With the affidavit, all documents of condemnation of... And the third list is the Ramsey District Judge. List her warrant. September 9th. That must be in your file. Because you cannot proceed with bogus work that is null and void, and on and on and on. The third list of witnesses would be: Probably the sheriff. I want the sheriff in attendance of anything that you think you're doing. This whole thing, more like. You don't have the jurisdiction. Whenever subject matter in authority are challenged, you cannot proceed any further, but you're doing it. You're going further. This is an election case. What in the hell? What do you think it's costing? I don't know. I'm not paying it. I was forced here illegally. Are the paramedics one, two, there's three paramedics. Okay, the first one, the I think the police have to pay it. The second one, when Metro Mobility came and the paramedics because of that, that metro mobility might have to pay it. Paramedics are expensive. The third one is from Dorothy Day back to United. Dorothy Day has to pay it. You are so ignorant of what it's costing everybody and particularly costing, okay. I've been rendered homeless. Why? Over a fictitious fake court order by the judge. Include that in your findings of facts and make sure every City Council person has all these documents. Because therefore they cannot pass it without a further discussion. Everything hinges on the warrant. You've been duly notified and you've got to notify me. Your lack of experience and your total disregard for an 85 year old woman, me blind, for about 10 years, but it's gotten worse over this crap. To be rendered homeless. And then the public health for Ramsey County says, well, I can walk out. And how can I walk out at anytime? Where can I go? And your recommendations? Are you off the wall? Girl, off the wall. Unbelievable. Now I've given you my list of witnesses. Include the sheriff. They've got to be notified that the big one is Fred Melo, who was kicked out of the hospital. He couldn't even visit with me. I hope to God there's something in the paper today. And the list of witnesses is me, where you failed to notify me, Sharon Anderson, political rebel, Conservative Republican. Ran for attorney general, I don't know, four or five times to straighten out the fair housing, the case law. Marcia Moermond, is USC10-1032. The quid pro quo was 2017, and that's when this excessive inspection started and never seen an inspector. Blah blah, no. This is far bigger than what you even think. You don't have the subject matter jurisdiction to even make a recommendation, but if you do, make sure the City Council, each and every one, have all documents, particularly the warrant. That warrant doesn't even have a file number. It doesn't have the judge's phone number. And you're in total disregard of my rights. Hey girl, I'm not demented. I'm not senile. I'm right up to take you on. You notifying me? And I will notify you by voicemail.

Saturday, October 12, 2024 11:07 AM

Sharon Skarella Anderson from her hospital bed. Hospice. Marcia Moermond. I have just been threatened by some queer doctor. They're going to put me in a nursing home. You guys better have your ducks in a row. This has gone way beyond... I'm denied the right to campaign, from the hospital bed. What in the hell are you guys afraid of? Thank god I agree with Muslim Keith Ellison. One, that the male is the figurehead. Two, Muslims hate queers and lesbians. Say, Marcia, you better get your ducks in a row. What are you so afraid of? Little old me, the owner of 697 Surrey? And denied the right to campaign. Yeah. Only a family member can commit, and they're not going to do it. It's all stuck on the city. It all goes back to that warrant. September 9th. You better have that document. And I called you before. I have the right to be notified. I think there's supposed to be a hearing on Monday. Have the right to be notified. I have a right to a list of witnesses. To be able to call you. I'm telling you girl, you are...your job is no longer needed. We have AI intelligence, we have drones, we have computers. This hospital bed, 9 by 15 feet, is not a court of law. This telephone, you... I have a right to be notified of what the hell is going on. Fred Melo was denied. A reporter from the Saint Paul paper was turned away. There will be a huge investigation. In about 3 weeks, the election will hold. I'm not going to win. I don't want to win. My god, I wanted to expose the corruption in the City of Saint Paul, stemming from the housing or the permit section. And Mayor Carter, this goes right back up to you. It goes right back up to Theresa Skarda. She's ineffective assistance of counsel, and yet Marcia Moermond is denying me that. Have the ACLU to represent me. I'm not done yet. No way. By the grace of god, no queer doctor is going to threaten me that they're going to put me in a nursing home. I said you send me right back to my home at 697 Surrey. Marcia Moermond, you don't have the documents of that warrant. That review, District Judge, Chief judge. There's no there's no case file. There's nothing. You put that warrant before, any before, all the City Council. You publish it before the county board. Put it published. I'm demanding that you appoint somebody in American Civil Liberties to represent me in (unintelligible). Goodbye.

Sunday, October 13, 2024 2:07 AM:

Marcia Moermond, you are guilty of simulating legal process, which is a crime now. I had somebody read that warrant to me. The warrant states it was filed, apparently, September 17th. The warrant states there is probable cause that a crime has been committed. What is the statutory? What crime? And to remove the body of Sharon Anderson. I'm not guilty of any crime, but you are. According to this warrant, and signed off by David Yang or Bang. And the paramedics take me to United. They have a copy of the warrant. They couldn't keep me here unless there is corrupt, deceptive RICO acts and on and on and on. Right now, Marcia Moermond, you get that copy of that warrant and you serve every City Council person you serve, every public official you serve, every county Ramsey County Commissioner, and you serve every social worker, and you serve the sheriff. You serve Jon Choi because I'm here, under duress, a political prisoner. I'm not guilty of any crime. Therefore, that warrant is invalid. There is no condemnation, there is no vacant building. You, Marcia Moermond, you take that crap down. This is a Ponzi scheme by you and every building inspector. The warrant did not descend the particulars. There is no probable cause. There is no crime, and I was told by a social worker I can walk out of the hospital. I can't walk out of here. I have no home to go back to. Marcia Moermond, you take those placards down or you serve that warrant on every public official in the City of Saint Paul and the Ramsey County. You serve John Choi, and you serve Keith Ellison with a copy that warrant. There is no crime that's been committed. Therefore, there's no probable cause attachment. Therefore, there is no condemnation. Therefore, there is no extra vacant building fee. Get your act together. I'm alive. I'm ready to take you on,

girl. You are simulating legal process. You are guilty of a crime by denying any warrant evidence. There is no crime that's been committed. Therefore, there's no condemnation. There's no vacant building. You'll put me right back in my home. Do you understand? Goodbye. Bitch.

Sunday, October 13, 2024 6:12 AM:

Marcia Moermond, I'm giving you legal notice. You better have a copy of a warrant, signed September 17th, 2024, by Ramsey County District Court Judge Chief Judge Sarah Greuing. Now, it stated there is probable cause to believe a crime has been committed. Okay, as there is no crime committed, there was no district court file number. The September 17th warrant was invalid when the cop, Dee Vang broke down the door, hauled me out. Normally, if you're a criminal, you get a ticket. The police drive you to the police station. They don't drive you or they don't call the paramedics and put you in the hospital. I'm telling you, Marcia Moermond, get a copy of that warrant because that warrant, which is technically defective, null and void... There's no valid condemnation. There's no valid vacated property. You don't have subject matter jurisdiction. Guide yourself accordingly. This is bigger than you and I can even imagine. Now if in fact, in Ramsey County, the judge, by a clerk, issues a warrant without a court file number, and then is complicit with the cops, complicit to kick elderly people in the nursing homes... You guys better be damn careful of what the hell you think you're doing. You don't have subject matter jurisdiction. So, you're a pretended egotistical authority when I challenge subject matter and authority. You should not proceed any further. And right now the fact that Fred Melo, a reporter, was denied access to visit me in the hospital. What the hell is going on? This involves the Saint Paul Police, complicit with a warrant... that it... I'm not... I could walk out of the hospital right now? Where am I gonna go? Nowhere. I'm 85 and a half. Is this elder abuse? By who? By the City of Saint Paul? Guide yourself accordingly, girl. You don't have the jurisdiction. But, I'm demanding that you have civil liberties involved. Even in fact, Laura, the public nurse from Ramsey County, there's supposed to maybe be a hearing on Monday. I can wait you out longer because this is a clean (unintelligible) whistleblower Title, 31 case that if the Ramsey District Court judge issues a warrant without a file, without a description of the legal property... What the hell is going on? If it's a crime, the police station, the police car and they take it to jail. Guide yourself accordingly, girl. Get that warrant. Spread it out, and make sure, Fred Melo with the Saint Paul paper gets a copy of that warrant because there is no crime committed. And if there's no crime, there's no valid condemnation. If there's no crime, there's no valid vacation of my property. This is a money game and the fact that I'm a candidate for 67 B... You bet if I got elected, I'd pass resolutions. I'd pass legislation, judicial reform, police reform. But also downsized government. Cut the size of government. Goodbye. Bitch.

Sunday, October 13, 2024 10:21 PM

Madam Moermond, Sharon Anderson from her hospital bed. Freedom of the press. A couple of days ago, Fred Melo put in out an article. You put that article before the City Council as evidence. Now the subject matter jurisdiction is the warrant. The warrant stated, apparently, with September 17th, I thought it was the night, but it's the 17th, there's probable cause to believe that a crime has been committed without the 609 statute. Secondly, there is no District Court file number or case number. Thirdly, that warrant is null and void. Put it before the City Council. Put it with all your files. I'll get this stuff straightened out one way or the other. Get that article from Melo. I don't care. Let people know

what the Hell's going on in the City of Saint Paul with corruption in the real estate. For right now, I want that article. There's supposed to be now a hearing on October 24. At the hospital here, I don't want to be here. I want to get back in my home. Now, girl, Madam Marcia Moermond, you don't even deserve the 3M title, Minnesota Mining and Manufacturing. But for right now, you have taken jurisdiction. The second appeal, which apparently is now October 24th, must include the condemnation and this vacant building registration, the warrant. It's not a crime, therefore there is no valid due process service of any condemnation by Lisa Martin. There is no valid due process service on the owner, which is me, of a vacant building registration. Guide yourself accordingly. You've got you've got copies of the abstracts from 1888. Mr. Luke owned all 40 pieces of property. How were they skimmed, scammed? How did they clear the title? All I wanted to do was quiet the title. What the hell do you think I run for office for? I don't want the job. You have failed to consider my blindness, my disability, my age. This is a vulnerable adult elder abuse statute, big time, and you're part of it, Madam Moermond. You don't have subject matter jurisdiction. You get those placards taken off. That warrant is invalid. It's not recorded in the Ramsey County District Court. Therefore, there is no valid condemnation, no valid vacant building registration. And thank god for Fred Melo and freedom of the press. I don't care what he printed, but I did not run for governor. I ran for Attorney general all the time. So, under United States Supreme Court, *Magner versus Gallagher*, 10-1032, and in 2017, when they started this damn excessive inspection. But it was also the quid pro quo. Check your history girl. Check the history of my 697 Surrey. My little pink house. I have a handyman. I have other people that. Will help me. Goodbye.

Monday, October 14, 2024 4:32 PM:

Marcia Moermond, you know who this is. Sharon Anderson, owner in fee simple of the title to my 697 Surrey. Still at the hospital. You better get a copy of what Fred Melo has written about two days ago. I want that entered in as evidence. You better get a copy of the warrant, which must be entered into evidence. The warrant was issued. No, the September 9th was the order to vacate without supporting documents, and Lisa and the cop, Matthew, were pounding on the door. Blah, blah, blah, blah. September 17th. The order which states there is probable cause to believe a crime has been committed. That was signed by the judge. There is no crime. Therefore, there is no condemnation. There is no vacation of the real estate. Moermond, you better add that warrant into every document that you are submitting on October 24th. Guide yourself accordingly. I want my home back. That's the only place that I can go because of my blindness. You people are so reckless. Disregard of a disabled person under the American Disabilities Act under the vulnerable adult. You don't, you don't break down a door and harass and have the paramedics take me to the hospital. While it should be in an ambulance, it should be in a police car. There's too many criminal charges here. You check and you put in evidence. All police reports. That takeover and threatened to block my house with me in it. Clint Zane tried to run me over, serving an invalid lakes and land survey. And a big one is Tom Smith. Black former police chief in 2007 who threatened me with a lead pipe from my fence, and the police did nothing at all about it. Now you add all that as evidence. The subject matter jurisdiction, there's equity skimming, my answer and cross complaint because I own, from 1888, 40 lots around. How were they subdivided and blah, blah blah blah? You do not have the, the jurisdiction really should be the County Attorney. Goodbye. Talk to you later.

Monday, October 14, 2024 11:20 PM:

Marcia Moermond, Sharon Anderson. You've got my phone number at the hospital. I'm still real sick and tired of simulating legal process by you. Now I've given you a list of witnesses. Right now, you must not sell. You must add the latest article by Fred Melo as evidence. Secondly, you must add the condemnation, and whatever it is with this vacant building stuff, as evidence. Third, you must add the warrant as evidence, because the whole case is going to be combined. You must have me back in my home at 697 Surrey. That's the only place where a blind lady, my age, on main floor, to be as a blind homeowner. You must consolidate all this. Otherwise, you are complicit, culpable for millions of dollars of damages. You must add the police report at 693 Surrey for the past six years. I'm not going to be threatened or intimidated or anything ever again. You must add my list of witnesses. Arturo Lee. Bill Dahn. And you know what? Possibly Lenny Anderson, as power of attorney. They all must be notified. Sheriff Fletcher must be notified. Oh, who else are the two case ladies? Margaret Berger and Lauren, I forgot her last name. They are public health nurses in the county of Ramsey. All this garbage will eventually be before the County Attorney and or the Attorney General, based upon the United States Supreme Court case Magna versus Gallagher, on and on and on. But the reporter, the evidence. I have water. It's never been shut off. I have electricity. I pay the bill. I have my phone 651-776-5835, that has either been hacked or compromised or whatever. I pay 100 and some dollars a month. I've been paying that every month. My building is occupied not only by my personal property, but who pays the bills, and we're getting into cold weather. My furnace is fine. I have water. I have electricity, and whatever lies that you are trying to perpetrate must be addressed, particularly the threats against my life by 693 Surrey and Ted Cobin. Nobody's ever going to threaten to blow up my house with me in it. Couldn't say the building supervisor in 2000, maybe, I don't know what year. Tried to run me over in his car, serving me an illegal invalid piece of paper. You must combine all this stuff, because every day I sit here, my meter is ticking, girl, and this is a lot of money. You must have the abstract from 1888 before the City Council. We're going to try to title the real estate. That adds about 40 pieces of property. And we're also going to add the equity skimming of 1058 Summit Ave, 335 North Wilder 6-unit, 2194 Marshall. You put my mother in jail. 448 Desnoyer. I can't think of the other ones. And then this one, Surrey. 697 Surrey. I'm not going to be sitting here much longer. I will go back to my home. That is the only place, it's on a single, it's on a floor. And my, uh, not bodyguard. He's my best friend, Arturo Lee. He can help me clean. You do not need a permit to clean the house or to empty the trash. But I'm telling you, girl, you better have an inventory of every piece of paper, particularly the abstract to 1058 Summit Ave. 448 Desnoyer is (unintelligible). 2194 Marshall. Abstract. 448 Desnoyer. Abstract. I don't know what kind of a deal you think you're planning. You really don't have the subject matter or the authority or whatever. Combine all this stuff, so in one...[cuts off at 5 mins]

Wednesday, October 16, 2024 12:59: AM:

Marcia Moermond this is Sharon Anderson from her hospital BED which is technically H-O-N-P-I—a hospice. Now, I'm listening to some of the conversations here. IS MY INVENTORY SITTING OUTSIDE ON THE SIDEWALK!? If so, you are responsible! I'm trying to draft, "in the matter of my property", you MUST consolidate this warrant! There is no crime! There is no probable cause. My inventory is over \$1,000,000

worth of personal possessions but a lot is abstracts, court records, on and on and on. Guide yourself accordingly. Don't underestimate me. When that notice to you---I know you're gonna dismiss it—but then it goes right back to a court hearing. If my inventory is sitting outside anybody can steal anything they want, and if its my abstracts?! 1058 Summit Avenue, 440 Desnoyer, 2194 Marshall, 325 North Wilder, my six unit. 697 Surrey, while I'm a candidate? Hospitalized? Denied due process? You bet the City is going to pay up to "wazoo". You've been notified. I hope you put the, whatever you're doing, I'm trying to draft "in the matter of" you must have a copy of the warrant. A copy of the condemnation. A copy of whatever you think you're doing October 24th. If any inventory is sitting outside a thief can break in. If your ultimate game is to TEAR DOWN MY PROPERTY you better guide yourself accordingly. I own the land. I own the property! And it's a \$6,000,000 default judgement against you and the whole City of Saint Paul. Don't underestimate my ownership of the land. Goodbye! Bitch.

Wednesday, October 16, 2024 3:43 PM:

Marcia Moermond, this is Sharon Anderson again. I suppose you're at the City Council meeting right now. Uh, in about an hour there should be a PDF file that is sent to everyone. Now, that warrant MUST go viral. The warrant, uh, states that there is probable cause that a crime has been committed—there is no crime. Therefore, the, uh, Vacant Building is negated. The uh, condemnation is negated. Your subject matter authority—where is the jurisdiction? The answer and cross complaint is millions of dollars. I might not live much longer, that my blood will be on the hands of Carter, Therese Skarda, for constitutionality, and the fact that I own the land. You CANNOT do what you're doing. The City is criminal trespass and the coverup for Ted Cobin, its bizarre. It probably will lead to my death. And I've had it with you Marcia Moermond! And the entire City of Saint Paul. You know. I'm on the ballot for Godssakes, and then they do this in the middle of whatever. They think they're going to harm and injure me. The higher power of God—the wrath of God and the turbulence of nature shall prevail! You've been duly notified. My death will be on your bloody hands. Goodbye!
