**RE: Letter of Support for MidCity Kitchen's Application for a Beer & Wine License**

To Whom It May Concern:

The St. Anthony Park Community Council (SAPCC) expresses its strong support for Samuel West and MidCity Kitchen's application for a Beer & Wine License at 693 Raymond Avenue.

MidCity Kitchen has proven itself to be an integral part of the community—from its ongoing efforts to establish the MidCity Farmers' Market to its shared, incubator kitchen concept. As the market continues to thrive, the introduction of beer and wine service—alongside a planned "Chef in Residence" program—would further enhance the vibrant atmosphere of the market and space.

The ability to offer patrons beer or wine, in addition to live music and local culinary experiences, aligns with SAPCC's commitment to fostering community spaces that promote local food access, culture, and enjoyment.

As the officially recognized City of St. Paul neighborhood organization for District 12, SAPCC represents the voices of our community members. We believe the proposed beer and wine service at MidCity Kitchen will contribute positively to the overall experience of market attendees and continue to build a strong, engaging environment for residents and visitors alike.

In line with our mission to support local businesses that enhance the quality of life in our community—we encourage your favorable consideration of MidCity Kitchen's application for a Beer & Wine License. We are excited about the potential this addition brings to their market and the ongoing positive impact it will have on our neighborhood.

Sincerely,

Zev Radziwill
