To The Legislative Hearing Officer:

Following are the reasons I am appealing a greater than 3 percent rent increase.

1. I do not know everyone in my apartment building, however, the number of tenants seems to have remained the same over the almost 10 years I have been here. I have attached a photo of the buzzer system which appears to indicate that there are no vacancies in this apartment building currently. Also, when looking at the landlord's website, no apartments show up for rent currently in the building in which I live. (Saint Paul Ordinance 193A.06 Factor 4)
2. No major updates have taken place in my apartment. The refrigerator, stove, cabinetry, doors, window blinds, wall paint, and carpeting are the same ones that have been in my apartment since I moved in in 2015. I have two air conditioners in my apartment. Each was replaced once a few years ago, and that was because they were not working properly. (Saint Paul Ordinance 193A.06 Factor 5)
3. There has been no increase in any services provided by the landlord. Management has recently repaved the driveway/parking lot and sprayed the grass, however that is something they do every year. They also designed a new logo for company vehicles, their website, and yard signage. The washing machines that were here when I moved in in 2015 were the same ones we have been using until Spring of 2025. I reported this as a maintenance issue many times and then I ultimately sent a video of the ways in which they were malfunctioning before management replaced them a few months ago. (Saint Paul Ordinance 193A.06 Factor 6)
4. The upkeep of the interior of the building has been deteriorating in the past years. The floors and carpeting are not kept as clean as they used to be, there are also parts of the structure in disrepair. I am unsure if this is due to less frequent attention or the efforts of the employee who is providing that service. I have attached 11 photos of the public areas of the apartment building. (Saint Paul Ordinance 193A.06 Factor 7)
5. Since I moved in in 2015, my rent has typically increased each year by right around 30 dollars. If my landlord is allowed to increase my rent by 7 percent this year, that will be an increase of \$84.35 per month, a significant increase compared to each of the past 9 years. I have attached a Word document illustrating this. (Saint Paul Ordinance 193A.06 Factor 9)

For those reasons, I request that my rent is not raised beyond the current 3 percent rent cap.
Thank you for your time and consideration of this matter.

Sincerely,

Mary Freitag
