This restriction applies regardless of whether the disqualified or debarred party acts in the capacity of a general contractor, a subcontractor, or as an equipment or material supplier. This restriction does not prevent the Grantee from utilizing these funds to pay any party who might be disqualified or debarred after the Grantee's contract award on this Project.
- 16 **Discrimination Prohibited by Minnesota Statutes §181.59.** Grantee will comply with the provisions of Minnesota Statutes §181.59 which requires that every contract for or on behalf of the State of Minnesota, or any county, city, town, township, school, school district or any other district in the state, for materials, supplies or construction will contain provisions by which Contractor agrees: 1) That, in the hiring of common or skilled labor for the performance of any work under any contract, or any subcontract, no Contractor, material supplier or vendor, will, by reason of race, creed or color, discriminate against the person or persons who are citizens of the United States or resident aliens who are qualified and available to perform the work to which the employment relates; 2) That no Contractor, material supplier, or vendor, will, in any manner, discriminate against, or intimidate, or prevent the employment of any person or persons identified in clause 1 of this section, or on being hired, prevent or conspire to prevent, the person or persons from the performance of work under any contract on account of race, creed or color; 3) That a violation of this section is a misdemeanor; and 4) That this contract may be canceled or terminated by the state of Minnesota, or any county, city, town, township, school, school district or any other person authorized to grant contracts for employment, and all money due, or to become due under the contract, may be forfeited for a second or any subsequent violation of the terms or conditions of this Agreement.
- 17 **Limitation.** Under this Agreement, the State is only responsible for receiving and disbursing funds. Nothing in this Agreement will be construed to make the State a principal, co-principal, partner, or joint venturer with respect to the Project(s) covered herein. The State may provide technical advice and assistance as requested by the Grantee, however, the Grantee will remain responsible for providing direction to its contractors and consultants and for administering its contracts with such entities. - 18 **Additional Provisions**
- 18.1 **Prevailing Wages.** Grantee agrees to comply with all of the applicable provisions contained in Minnesota Statutes Chapter 177, and specifically those provisions contained in Minn. Stat. §. 177.41 through 177.435 as they may be amended or replaced from time to time with respect to the project. By agreeing to this provision, Grantee is not acknowledging or agreeing that the cited provisions apply to the project.
- 18.2 **E-Verification.** Grantee agrees and acknowledges that it is aware of Minn. Stat. § 16C.075 regarding e-verification of employment of all newly hired employees to confirm that such employees are legally entitled to work in the United States, and that it will, if and when applicable, fully comply with such order.
- 18.3 **Telecommunications Certification.** If federal funds are included in Exhibit A, by signing this agreement Grantee certifies that, consistent with Section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. 115-232 (Aug. 13, 2018), Grantee does not and will not use any equipment, system, or service that uses "covered telecommunications equipment or services" (as that term is defined in Section 889 of the Act) as a substantial or essential component of any system or as critical technology as part of any system. Grantee will include this certification as a flow down clause in any contract related to this agreement.
- 18.4 **Title VI/Non-discrimination Assurances.** Grantee agrees to comply with all applicable US DOT Standard Title VI/Non-Discrimination Assurances contained in DOT Order No. 1050.2A, and in particular Appendices A and E, which can be found at: https://edocs-public.dot.state.mn.us/edocs_public/DMResultSet/download?docId=11149035. State may conduct a review of the Grantee's compliance with this provision. The Grantee must cooperate with State throughout the review process by supplying all requested information and

documentation to State, making Grantee staff and officials available for meetings as requested, and correcting any areas of non-compliance as determined by State.

Any actions taken or funds expended by the State shall be at its sole discretion, and nothing contained herein shall require the State to take any action or incur any expense and the State shall not be responsible, or liable to the Grantee or any other entity, for any such acts that are performed in good faith and not in a negligent manner. Any funds expended by the State pursuant to this Section shall be due and payable on demand by the State and will bear interest from the date of payment by the State at a rate equal to the lesser of the maximum interest rate allowed by law or 18% per year based upon a 365-day year.

Project Description. Include a brief description of the project for which federal funds are being sought.:	The City of St. Paul, in collaboration with the Saint Paul Port Authority, would like to apply for an IJJA discretionary grant to advance planning efforts to improve critical infrastructure at the Southport Intermodal Terminal (SIT), which is located along the Mississippi River and Barge Channel Road, near the intersection of Concord Ave and US-52. Planning objectives are to improve regional transportation infrastructure by

	enhancing safety, reliability, and critical connections.

Mitigate the impacts of climate change in reducing emissions or improving infrastructure resiliency.:

Improving the SIT will enhance environmental sustainability in many ways. River shipping provides one of the most efficient methods of bulk commodities transportation. Compared to other modes of transportation, marine transportation carries the most freight, is the most fuel efficient, and produces the lowest emissions. One typical barge, carrying 1,750 tons, is equivalent to about 70 truck trips. Freight rail trains follow marine transportation in efficiency and emissions.

Provide benefit to areas of persistent poverty or historically disadvantaged communities.:

The SIT is located in the West Side neighborhood of the City of Saint Paul. It is one of the most diverse neighborhoods in Saint Paul with nearly 70% of the population being non-white. The two census tracts (CT) in and around the SIT are designated as disadvantaged according to the Climate and Economic Justice Screening Tool (CEJST). This planning project will engage the community and will provide economic and environmental benefits to the neighborhoods.

Improve safety for all users.:

The SIT is accessed via Barge Channel Road only. Barge Channel Road has an at-grade railroad crossing which often completely blocks off access to the site. This is a significant safety concern because when the access road is blocked by a freight train, emergency vehicles cannot access the SIT. Additionally, the dock walls are unstable and require substantial repair and replacement to prevent them from collapsing. The planning effort will address these and other safety concerns.
