#### Case Narrative

The fire department was called to the report of smoke from a home under construction. Firefighters arrived and found a two-story home with smoke venting out of an open sliding glass door on the rear of the structure. Firefighters extinguished a basement fire and conducted overhaul.

The house was vacant at the time and under construction. No witnesses were on scene at the time of the investigation and no security cameras were present.

Investigation revealed fire damage to an area that is designated as a future bathroom. Charring of the wall studs and first floor joists were observed.

Police were called to the scene for an initial report.
