---

Craig Reed CRAIG REED, address 65 Jessamine Ave. East in Saint Paul Call in regards to the 2025 mill and overlay in the Hatch-Park residential area. I'm absolutely against incurring another expense to living in Saint Paul. Just spent 5 grand on taxes and this timing couldn't be more of a hardship financially. Absolutely do not approve this project at this time. I can live with the potholes. I have been for years. I've had three new vehicles in 20 years since I moved to Saint Paul and they've all been turned to rattle traps because of the streets in Saint Paul. It's a shame that the state capital is in such poor condition. There's no civic pride anymore and Saint Paul's becoming a third world country.
