Think Before You Click: This email originated outside our organization.

Hello,

With no warning you show up and take things from the street alongside our property, not on 10-03-2024 but 21 days after the previous complaint. Leave no documentation of being here doing any type of work after the continued harassment and retaliation from DSI. Your pictures are from 9-20-2024 and 10-03-2024 yet you choose to come on 10-24-2024 *Why have you been to our property more than 54 times in less than 12 months? That works out to more than 2 times per week. How is this not harassment. I have emails between your inspector and myself where he claims as a city employee we are held to a higher standard and the email sent to HR and his bosses about this clear violation of my rights that went unanswered, except for the 200 in fines that were issued because the inspector decided to retaliate. When we were 100% in compliance when he issued fines. After that why should we listen or do anything this unreasonable inspector asks us to do? when his own bosses do nothing about our complaint allowing him to retaliate.*

I do not recall giving up any rights when i became a city employee and do not appreciate this retaliation or work being done without any warning or notice! Yet there is a dumpster bag in the front yard of a house within 1 block that has been there for more than 6 months with nothing being done by the city, bag is still there. Why is it because he is too busy harassing us? I was forced to remove a bag within 3 days from the back yard when cleaning out the house when my parents passed.

I can be reached at 763-439-0962 . **I demand that this harassment and inspector be removed from record and this inspector be reprimanded and never allowed within 1 mile of this residence, If not fired. I'll be more than happy to provide the emails sent to his boss & HR and the emails after the retaliation because he didn't like our complaint and that we repurposed some industrial shelves into sheds that did not require permits from DSI.**

Thank you,

Chris Schwartz
