Jane,

My mortgage went up \$300. What is going on? Is there help for anyone making 50K? I have PTSD. I'm thinking I may have to sell my house. Student loans start up and winter is coming. I am really angry. People are on their phones speeding on 3<sup>rd</sup> every day with no consequence and I shelled out money for a pothole busting my tire. I'm really disappointed in the downward trajectory of where I chose to buy a house. I feel it was a bait and switch. I can't afford \$1500 plus the heating costs. Why isn't there a cap on how much taxes can go up? My brother has it in Des Moines.
