LEGISLATIVE HEARING DISCUSSION ITEMS

- 6 [RLH TA 24-221](#) Ratifying the Appealed Special Tax Assessment for property at 1762 ENGLEWOOD AVENUE. (File No. VB2409A, Assessment No. 248825) (public hearing closed and laid over from August 7, 2024)

Assessment ratified and made payable over 5 years.

Marcia Moermond, Legislative Hearing Officer: On August 7, Council laid this matter over to today in order that the owner may final permits and have the Vacant Building Fee be prorated and reduced. It already would have been very late in the process, covering 9 of 12 months. We have 5 open permits. We don't have finals. There is an additional document in the record from the owner asking for more time. My recommendation is approval of the assessment and that it be made payable over five

years.

Council President Jalali: I move that recommendation.

- 7 [RLH VBR 24-40](#) Appeal of LaVonne Pine to a Vacant Building Registration Notice at 1478 BLAIR AVENUE. (public hearing closed and laid over from August 28, 2024)

Appeal denied. Appellant granted to September 16, 2024 to vacate property.

Marcia Moermond, Legislative Hearing Officer: Council heard this appeal on August 28, 2024. The appellant, LaVonne Pine, has been living at the property. Pine is not the owner of the property, does not have a lease to be living at the property, and does not have the permission of the children of the deceased owner. The property has a reverse mortgage with no foreclosure underway, so the bank doesn't own it. The family hasn't been able to probate it to get it into their names. On August 28, Council instructed her that she should produce documentation that says she has, saying she is allowed to live there. Council would consider that information in making its decision. We have received no documentation. However, to make sure that the Council had a more thorough record given this is a vacant building, I wanted to just give a couple comments to you. First is that we looked up the obituary of Mary Randall and found that she had five children. I have now spoken with four of those children and. All of them agree that they do not want Pine in that house, that they are afraid she is stealing things and selling them, and that she's damaging property. Pine has told them that if she gets kicked out, she's going to break back in again. They have real concerns and there have been problems. There is a police report from the end of July which documents the police having a similar conversation with Pine, and it corroborates the testimony that I got from the family members. I'm therefore recommending that Council deny the appeal and it remain in the Vacant Building Program, as it cannot be occupied by someone who doesn't have the legal right to be there. I also recommend that the property be vacated, effective September 16, 2024. I give it a short leash because of family member concerns about property damage, family property, and heirlooms.

Council President Jalali: I'm inclined to support that recommendation, given the updated information.

Councilmember Kim: Thank you, Moermond, for digging into this.

Jalali: I echo that gratitude. I move approval of Moermond's recommendation.

Adopted as amended (appeal denied, granted to September 16, 2024 to vacate)

- 14 [RLH CO 24-5](#) Appeal of Lesley Anizor to a Correction Notice at 692 WILSON AVENUE.
(Public hearing closed and laid over from September 11, 2024)

Laid over to October 9, 2024 for finding possible solutions.

Also in attendance:

Johnathan McClellan, son of property owner/appellant

Lesley Anizor, property owner/appellant

Marcia Moermond, Legislative Hearing Officer: This has to do with an intermodal cargo container on the property. You can see photos on the screen that show the situation. The container has been there for a while. It is used for storage. The owner put it in there because she did not have money to build a garage at the time, but wanted to have that kind of a structure to put things in. The property maintenance code is explicit, since 2005, that intermodal cargo containers are not allowed on private residential properties. I believe the code was also clear prior to the amendment adding intermodal cargo specifically, that containers of this type would not have been allowed. There was clarity provided by naming it specifically, though. If the Council were to allow this to exist, there's two other codes that are in play that you would need to consider. First is the building code. A cargo container is not a building. This cargo container does not necessarily have any way to open it if you're stuck on the inside. Does it have proper ventilation? Does it have a way to stay solid on the ground and not move? These are all things that a building code would require that we can't be assured of on this. Could it be converted to a building? Possibly, but that's something that a building permit would need to do. The building official would need to review that and come up with a list of requirements around it. Second is the zoning code. That's going to speak to the type and location of a structure. Right now the location is immediately beside the house. I don't know if requirements around distance between structures or distance between the parcel line and the cargo container are being met, but it is something that zoning would need to look at and make a determination on. My recommendation is to deny the appeal and grant an extension to December 2, 2024 to get both building and zoning approval for the intermodal container for it to remain, or that it be removed by February 3, 2025. Earlier today I spoke with Jonathan McClellan, who is representing the owner, who's also here today. We talked about a further extension and what would be required to allow the cargo container to continue to be there in a safe condition. I said I don't have the answers on that, and would want to seek input from people who do. I am amenable to having those conversations, so I encouraged McClellan to stay and provide testimony about the situation to you. Based on those conversations I had with him prior to this, I now ask you to lay the matter over for 3 or 4 weeks to find a solution.

Council Meeting Information

The City Council is paperless which saves the environment and reduces expenses. The agendas and Council files are all available on the Web (see below). Council members use mobile devices to review the files during the meeting. Using a mobile device greatly reduces costs since most agendas, including the documents attached to files, are over 1000 pages when printed.

Web

Meetings are available on the Council's website. Email notification and web feeds (RSS) of newly released minutes, agendas, and meetings are available by subscription. Visit www.stpaul.gov/council for meeting videos and updated copies of the agendas, minutes, and supporting documents.
