I write today in **FULL SUPPORT** of the requested sound level variance for the Selby Avenue Jazz Fest, represented by R.Mychael Wright. As a neighbor in close proximity, I find this an exceptional annual event which strengthens the fabric of our community, and is fully worthy of any limited inconveniences anyone may face. The Selby Avenue Jazz Fest provides fantastic free entertainment, great food, and meaningful community engagement opportunities. I offer my deep appreciation to the organizers and many organizations that make this annual tradition possible. *Turn it up!*

Respectfully submitted,
