TO THE CITY COUNCIL OF SAINT PAUL

Regarding to the letter we received for Annapolis street assessment

Am the owner of the building and the business, I purchased the building on 5/20/2023 and it has a lot of work to be done at the building, I appreciate the reconstruction of Annapolis street .

I was planing to work this summer on my building and the shop. and I did not received any letter from the city regarding the work on Annapolis street.

Because of the construction on Annapolis street start on April 2024 until now it effect my business and the income by 70% lost for the five months.

I haven't received any letter that shows I will pay for the assessment of the Annapolis street which I cannot afford to pay even with the offer you send it to me to pay it with my property tax for twenty years at 4.25% which I cannot afford .

We focus on our community and neighborhood business.

I will appreciate and am asking the city council to wave the assessment.

Thank you for understanding my situation regarding my small business.

If you have any question please contact me:

sincerely

Abdalla Abdalla
