12/15/2023	<a href="#">23 107938</a>	Resolved	CS - CSO Complaint - Noise Trash Hauler - Complaint	The building at 695 Grand has trash pick up on a residential street in neighborhood that is very loud and in violation of city noise ordinance. Trash pick up happens two times a week, and both times are outside of mandated quiet hours. Trash pick up occurs at 4:10 in the morning on Thursdays, with very loud, clanging and multiple backing up BEEP noises from the trash pick up. The disturbing noise lasts between 15 and 30 minutes and can be heard for the length of the entire block. Trash pick up also occurs on Mondays generally at 6:30 or 6:45 AM, also with multiple loud, BEEPING backing up noises and clanging and crashing of trash, l cans

			and dumping. Quiet hours in residential neighborhoods extend until 7 AM. This is a block with many households, with bedrooms located close to the street—condos and apartments, so the number of household disturbed by this noise is considerably higher than on the neighboring streets with single-family homes,. There are dozens of households that are disturbed by this loud trash pick up at prohibited hours
11/07/2023	<a href="#">23 097940</a>	Resolved	CS - CSO Complaint - Zoning - Complaint Permanent bollard installed with permit, bollards extend into the ROW of the alley
