Subject: Rubbish & Garbage Can Clean Up

You don't often get email from john.kilroy.spooner@gmail.com. [Learn why this is important](#)

Hello,

In the past week I have received two letters stating information regarding delinquent garbage bills. One letter specified a span of time of January 2025 through March of 2025 to the total of 139.01. I closed on the purchase of the home March 30 2025, so I was not in occupancy of the home in that time so should not be liable for any outstanding bills. File# CG2503A2 Assessment# 250117

The second letter arrived today, which did not specifically state what the balance is for, but quoted a total of \$389.00 for "rubbish and garbage can clean up on private property during time period of April 9 to April 28 2025" I do not understand why I am being quoted for such a bill in such a short span of time. There is only 1 garbage and 1 recycling can at the residence. File# J2523R Assessment# 258557

Any information you can provide in this matter would be appreciated. The letters listed this email to reach out to contest.

I prefer email correspondence where possible as it is difficult to take calls during the week as I have poor reception in my workplace, but can answer emails easily.
