Good morning.

I am a resident of North Saint Anthony Park in District 12. My address is 2360 Como Ave, St. Paul, MN 55108.

I am very concerned about the odor, air pollution, and other problems associated with the production and cultivation of cannabis. District 12 has a lot of mixed zoning of Residential and Industrial buildings. Using Denver's zoning codes as an example, I propose a minimum 1,000 foot between any residential zones/buildings or schools and any cannabis production and cultivation.

Denver restrictions on cannabis cultivation are here (specifically page 12): <https://acrobat.adobe.com/id/urn:aaid:sc:US:f91792ca-0dc9-4be1-a172-515205d387b6>

Thanks for your consideration.
