LEGISLATIVE HEARING DISCUSSION ITEMS

- 37** [RLH VBR 24-63](#) Appeal of Francis Crowley to a Vacant Building Registration Fee Warning Letter at 912 FRY STREET.

Appeal denied.

Francis Crowley, owner, appeared by phone

Marcia Moermond, Legislative Hearing Officer: This is a single-family rental home that had a fire on March 1, causing it to be referred to the Vacant Building Program. The Department of Safety and Inspections (DSI) provided two additional vacant building fee waivers to extend the waiver period through September 17, and then sent a Vacant Building Registration letter after 6.5 months. We are now 7.5 months in. This is an appeal for the fee, not an assessment. The owner wants consideration for payment options. Council can only do that during the assessment process. Council can look at reduction or payment over time during the assessment process if that is appealed. The owner indicated there was a slowdown in the work due to theft.

Francis Crowley: After the fire, I tried doing the work myself. I had two knowledgeable

guys who were going to start right away but then in June or July we had delays. Some boards needed to be taken off. Their truck with their tools was also stolen twice. They are working now and will probably finish this week. Damage is all exterior except for the smoke...

Council President Jalali: What is your ask?

Crowley: To remove or reduce the fine.

Councilmember Jost moved to close the public hearing. Approved 5-0.

Jalali: I didn't hear anything in his testimony that would justify not imposing the cost. My inclination is to not grant that request.

Councilmember Kim: Could you restate your recommendation?

Moermond: Deny the appeal. It is fire damaged and uninhabitable. Right now it's just the matter of: Does it belong in the Vacant Building Program? It does. Should there be a fee? Yes. Reduction can come during the assessment process.

Kim: I am taking the lead on this in Councilmember Bowie's absence. She is supportive of Moermond's recommendation and I move approval.

- 39** [RLH SAO 24-71](#) Making finding on the appealed of Ray Krueger to a nuisance abatement ordered for 327 MAPLE STREET in Council File RLH CO 24-7.

Laid over for two weeks to allow City staff to check on progress.

Ray Krueger, owner, appeared by phone

Marcia Moermond, Legislative Hearing Officer: Council heard the appeal on this a few weeks ago. There were 3 orders: A summary abatement order (SAO) related to the yard, a vehicle abatement order (VAO) related to undrivable vehicles on unapproved surfaces, and a correction order (CO) related to needed fixes on the house. Council granted to October 11, 2024 on the SAO, the VAO, and the repair of the back steps listed in the CO. Council granted to Oct 1, 2025 on the remainder of the CO. A lot is not done. Photos shown on screen from when the order was written show conditions at that time and then again on October 15. The son left a Legislative Hearing to put plates on a car. Still, the back of the car shows it sitting on dirt, an unapproved surface. It's also not clear if it was running on its own, as an extension cord was seen connected to the car when inspectors were out there. The back porch is not fixed. There is piled scrapwood. There are also lots of items in front that shouldn't be there. The owner thinks he should be allowed to keep all materials outside while doing repairs. The problem is that the scrapwood seen cannot be used for that purposes, in my opinion. My recommendation is council find that SAO and VAO are not complied with, and authorize the Department of Safety and Inspections (DSI) to abate the nuisance.

Ray Krueger: The vehicle in question might have questionable body work but it does start on its own. Seeing it getting charged is not evidence it doesn't work. One thing she was going to get back to me about is that this parking drive has been here since before I was born. Also, the car is entirely on the pavers. The driveway has never led to a garage, and I was supposed to be gotten back to on if that is allowed in a grandfathering-in circumstance.

Council President Jalali: What is your ask?

Krueger: The car is fine, the lumber is put away, a railing is up on the back steps and treads are in place. What I want to address is how this originated. I've been asking that since the beginning. English common law, Roman common law, and the 6th amendment...

Jalali: We aren't going to go there. You are out of time.

Johnson moved to close the public hearing. Approved 6-0.

Johnson: I reviewed the Legislative Hearing minutes and appreciate that background information. How has the car been checked for operability? Krueger said it is now operable.

Moermond: I don't know if staff confirmed that. They were out on October 15 and it was still on an unapproved surface without plates.

Johnson: Krueger said the lumber is put away. There's more than just lumber, right? What else needed to be put away.

Moermond: An October 15 photo shows wet lumber and trim pieces. Some wood pieces have been nailed many times. This does not appear to be repair lumber but rather scrap taken from the side of the house. Wood also needs to be stored properly.

Johnson: I move a two week layover for staff to go check. I know there are safety concerns with this owner and I encourage them to treat City staff respectfully.

Public hearing closed and laid over to November 6, 2024

41 [RLH RR 23-31](#)

Ordering the rehabilitation or razing and removal of the structures at 455 ROBERT STREET SOUTH within fifteen (15) days after the August 2, 2023, City Council Public Hearing. (October 22, 2024 Legislative Hearing)

Removal ordered within 15 days.

Tom Radio, attorney o/b/o owner, appeared in person

Marcia Moermond, Legislative Hearing Officer: When last you heard this in early September, you indicated that in order for there to be continued conversation past

today, there needed to be a nuisance abatement plan implemented. That plan included a fence, alarm system, cameras, and lighting. These items also meant the side needed to be electrified. None of these things are done. The owner has bids and there has not been resolution between seller and buyer about who is financially responsible for these items. Without resolution, I recommend removal in 15 days.

Radio: I am asking for a 2 week layover to work out an agreement on the \$36,000 abatement plan. If we can't agree, we will seek other buyers. If the building is razed, it becomes less marketable and an impediment to redevelopment. Removal is a step backward.

Council President Jalali: Two weeks to do what?

Radio: To finalize a purchase agreement and enter into a contract on these enhancements, so work can move ahead.

Councilmember Noecker moved to close the public hearing. Approved 6-0.

Noecker: I was willing to grant some time a month ago and none of the conditions are met. I move Moermond's recommendation.

Adopted as amended (remove only)

Yea: 6 - Councilmember Noecker, Councilmember Jalali, Councilmember Yang, Councilmember Kim, Councilmember Jost and Councilmember Johnson

44 [RLH VBR 24-64](#) Appeal of Sharon Lee Anderson to a Vacant Building Registration Requirement at 697 SURREY AVENUE.

Appeal denied.

*Sharon Anderson, owner and appellant, appeared by phone
Lauren Lightner Ross, social worker for appellant, appeared by phone*

Marcia Moermond, Legislative Hearing Officer: This was referred to the Vacant Building Program after a condemnation and order to vacate. The condemnation order was not appealed. The condemnation was established and the Vacant Building Registration comes from information obtained there. I found that photos corroborated the statements in the condemnation report. It indicates gross unsanitary conditions, hoarded conditions creating a fire hazard, lack of maintenance, overwhelming smell of cat urine, very small walking paths, questionable plumbing and water hookups, and the area around the structure being in bad condition. You can see photos on the screen in front of you, including an aerial view showing the roof, which was called out for being in bad repair. The photos were taken by a police officer who was doing several welfare checks and shared the photos with the Department of Safety of Inspections (DSI). DSI staff did not enter. The appellant says they shouldn't be in the Vacant Building Program because there are possessions inside and the property is owned outright. The issue is this property still falls within the definition of a vacant building, according to City code. Conditions call for it being a Category 2 Vacant Building, and it will need an inspection report and rehabilitation to be lived in again.

Council President Jalali: Your recommendation is to not grant the appeal?

Moermond: My recommendation is to deny the appeal.

Lauren Lightner Ross: Sharon is asking that I as her social worker state what she's asking for. She feels that it should go to district court because the warrant was signed by a district court judge that removed her from her home.

Sharon Anderson: I am the owner and also a candidate for the State House of Representatives in District 67b. Councilmember Johnson needs to investigate the warrant that was signed by the district court judge, which states that there is probable cause that a crime was committed.

Jalali: You need to stick to the topic of the public hearing which is the matter of the Vacant Building Registration.

Anderson: The warrant was null and nullified the condemnation, which was never properly served. I'm in the hospital. You better get your ducks in a row. The warrant must go to the judge. No matter how you rule, we are appealing that to the judge. Moermond has been served in a PDF format. The warrant, our objections, and she is recklessly disregarding her subject matter jurisdiction. The constitutionality of a warrant that would negate any condemnation or Vacant Building Registration. Therefore, I'm the owner, I've been in the hospital for 30 days. I think Councilmember Noecker better visit me at the Highland Chateau to get this resolved. The 5th amendment, the taking clause. The 8th amendment, cruel and unusual punishment...

Jalali: We understand your request.

Councilmember Johnson moved to close the public hearing. Approved 5-0.

Johnson: I don't find any reason to not move forward with Moermond's recommendation. I move approval.

Council Meeting Information

The City Council is paperless which saves the environment and reduces expenses. The agendas and Council files are all available on the Web (see below). Council members use mobile devices to review the files during the meeting. Using a mobile device greatly reduces costs since most agendas, including the documents attached to files, are over 1000 pages when printed.

Web

Meetings are available on the Council's website. Email notification and web feeds (RSS) of newly released minutes, agendas, and meetings are available by subscription. Visit www.stpaul.gov/council for meeting videos and updated copies of the agendas, minutes, and supporting documents.

Cable

Meetings are live on St Paul Channel 18 and replayed at various times. Check your local listings.
