Hello, I would like to add my voice to the people attending the meeting on December 2. I have loved St. Paul my entire long life, but now I need to get out. I cannot afford all the taxes anymore. I'm 77 years old and still in my house. I would think that seniors could be afforded a break in property taxes. We have paid and paid. Everything has gone up so much. It would be great if we could at least stay in our homes. It's not like we get commensurate raises in Social Security payments! With the new administration in Washington coming, things will only get worse. Thank you for 'listening'.
