Saint Paul Police Department  
367 Grove Street  
St. Paul, MN 55101

Dear Saint Paul Police Department,

Brady's K9 Fund is a non-profit organization out of Strongsville, Ohio that donates practical, mission ready ballistic vests to police and military working dogs. We want the K9s who protect our communities across the United States to be protected their entire shift by a ballistic vest, just like their human partners. We want them to have access to a ballistic vest they can wear their entire shift and not just when time permits to put the vest on the dog. We feel the LOF StreetFighter ballistic vest gives the K9's that best option.

Brady's K9 Fund would like to donate this style vest to Saint Paul's 19 K9s who are active on the force. Each vest holds a value of \$1,500.00. We feel it's an essential piece of equipment for Saint Paul police K9 team to have.

**Thank you very much,**
