This is a follow-up to your previous request [#1329946](#) "570 Selby Ave, St. Paul, Mi..."
Dear Sir / Madam

I received again a final invoice but I am disputing the charge and looking for means to have legislative hearing.

The basis for the dispute is that I did not, preceding the cities takeover of services, have garbage service for my unit nor did the association overall.

It is a unit by unit basis and I only used recycling.

Hi John

I understand you are looking to dispute the charges at a Legislative Hearing. The hearing will be in November. Let me reach out to the hauler and verify some information first.

All 1-4 unit homes are required to have active garbage service per City Ordinance 220. This includes your condo, and the other two condos in your building. You were previously serviced by Republic Services, but the City has taken over all billing and customer service as of April 1. Your hauler also changed to FCC Enviromental at the same time.

Thank you,

Jillian

Hello John,

Thank you for reaching out about your garbage invoice. I have confirmed with the hauler and also Republic, that you do not have active service. This will be reflected on the assessments website within a week. You will **not** receive an updated paper bill in the mail. The corrected amount can be viewed and paid at stpaul.gov/assessments

- Original Invoice Amount: \$82.69
- Corrected Invoice Amount: \$0

There is an Estimated 2025 Garbage Bill for July to September posted on the Saint Paul Assessments webpage. This bill is not final. Any corrections will be applied once final Quarter 3 bills are published in mid-October. You Quarter 3 bill will also be reset to \$0

Thank you,

Jillian
