Hello

PO states there is no cart at the property and is disputing Q2 bill at a legislative hearing. Can you confirm if there have been any pickups in Q2 or Q3?

PID: 352923130209

Thanks

Jillian

The driver has only recently started entering “Not Out” for all of October-today with pictures included. That doesn’t mean that there hasn’t been a cart the entire time and only just started capturing these exceptions correctly? This is what all of October through current collections “not out” pictures looks like.
