- Assessment ratified and reduced to \$650.*
- Kent and Lee Begnaud, owners, appeared in person*
- Marcia Moermond, Legislative Hearing Officer: This is an assessment for a vacant building fee covering July 8, 2024 - July 8, 2025. We are 9 months into that billable period, where we normally don't look at prorating. This is an unusual case for these reasons: 1) The owner's application to pull permits was misplaced at the Department of*

Safety and Inspections (DSI). The owner had to follow-up to ensure the application was found and reviewed, resulting in a 3-month delay. 2) The owner also appealed the vacant building registration itself. At that point, I recommended a 120-day waiver, instead of the standard 90 days, while this issue was getting sorted out. 3) Problems with Xcel Energy also required dealing with. 4) Contractors also were not aware of the required process of pulling permits for this type of vacant building. The building exited the vacant building program at the beginning of April, and I am recommending that the assessment be decreased from \$2,618 to \$1,309. This accounts for the 3-month delay. The owners will testify that the time of the year magnified the delay, because of the timing of the construction season and the consequences of delaying opening the business.

Kent Begnaud: We knew the building was vacant when we bought it, but because I am not familiar with real estate, I didn't know there was an assessed fee each year for it being vacant. Neither our seller or the realtor let us know. We got the fee notice a few months in while we were fixing up the building. We are hoping the fee can be removed completely. We were still taking care of the property and fixing it up while we were waiting on Xcel to get the electricity running. We were also paying fees on the loan we got to do our remodel.

Lee Begnaud: I spoke with DSI Director Angie Wiese about all the roadblocks we faced. Her email to me expressed support for ordinance changes to give staff more ability to grant extensions on charging the fee without needing to appeal. She said she would rather we put the money into the building. This assessment was a punch in the gut after we complied with what needed to be done.

Council President Noecker moved to close the public hearing. Approved 7-0.

Noecker: I also have concerns with what the owners went through. We do have a vacant building fee for a reason, so waiving the fee completely would be inconsistent with what we've done in the past. While your recommendation, Moermond, would account for the 3-month delay, this circumstances of this make me want to proposed an additional 3 months off the fee. What amount would that lead us to?

Moermond: You could say that reduces the fee to \$650.

Noecker: I would like to do that, and make it payable over 5 years if the owners wish.

Moermond: Would you like that?

K. Begnaud: No.

Noecker: I move to reduce the assessment to \$650. We are also working on revising our vacant building ordinance.

Councilmember Johnson: I remember a similar situation in my ward where an owner was notified of the fee and I moved to remove the fee, but it unfortunately was voted down. How is this situation different?

Noecker: Knowing about the fee is the responsibility of the property owner. I heard what the owners in this case said about that, but that is not why I am asking to further reduce the fee. I am asking for that because of DSI's error and the delay it caused.

Johnson: That's helpful.

Councilmember Bowie: I agree with Johnson. I appreciate Moermond's recommendation, but a situation in my ward also had issues with the owner not knowing about the vacant building fee and assessment.

Noecker: Just to clarify, my motion is to reduce the assessment to \$650.

Councilmember Kim: They were in the program from July 2024 to April 2025, correct?

Noecker: Yes.

Kim: Could you say more about the error at DSI?

Noecker: I can't speak to what happened exactly, but I know that we held up their process of getting permits.

Council Meeting Information

The City Council is paperless which saves the environment and reduces expenses. The agendas and Council files are all available on the Web (see below). Council members use mobile devices to review the files during the meeting. Using a mobile device greatly reduces costs since most agendas, including the documents attached to files, are over 1000 pages when printed.

Web

Meetings are available on the Council's website. Email notification and web feeds (RSS) of newly released minutes, agendas, and meetings are available by subscription. Visit www.stpaul.gov/council for meeting videos and updated copies of the agendas, minutes, and supporting documents.

Cable

Meetings are live on St Paul Channel 18 and replayed at various times. Check your local listings.
