Good Morning Vicki

I hope your day is off to a wonderful start to your Monday. I am writing to request an extension for the property located at 233 Maryland Ave W. I am nearing completion, with only a few projects remaining. These include interior painting, installing new kitchen cabinets, laying new interior flooring, and finalizing the electrical work.

Background:

I purchased the property in mid-February of 2023 but did not commence work or obtain permits until mid-May of 2023. Since then, I have been diligently working to complete the rehabilitation. The project turned out to be larger than anticipated. I completely revamped the second level, including all new structure, a brand-new roof, soffit, and fascia. We removed the old sidings, installed an additional layer of plywood around the house, applied new house wrap, and then installed all new sidings. Additionally, twelve new windows were installed. I replaced all electrical wiring throughout the house, including a new circuit electric box, and updated all plumbing pipes. New interior insulation and drywalls have also been installed.

Attached are some before and after pictures. Please see attached.

Unfortunately, unforeseen circumstances have arisen since the purchase. My father's health declined, requiring medical attention and two surgeries. I have personally undertaken much of the labor on the house, as a significant portion of the budget initially estimated went to the contractors I hired. Furthermore, my day job demands increased during the holiday season, necessitating extra hours.

In light of these challenges, I respectfully request 60 or 90-day final fee waiver extension to finish the project. This extension will allow me the necessary time to bring the project to its conclusion. Your understanding and support during this period would be immensely appreciated.

Thank you for considering my request. Should you require any additional documentation, including medical records for my father, please do not hesitate to let me know.

Thank you Vicki,

John Danial
