To Whom It May Concern,

This correspondence is a **formal follow-up** to my email sent on **January 9, 2026**, which contained a **formal complaint** regarding actions taken by DSI at my property on **January 6, 2026**.

As of **January 28, 2026**, the following issues remain **unaddressed**:

- None of my property removed on 1/06/2026 has been returned.
- No inventory of the property taken has been provided.
- No copies of the paperwork or work order used to justify the removal have been provided.
- No explanation has been given for the use of outdated or improper documentation.

Instead of responding to my complaint, it was forwarded to the **Data Request Department**, which does **not** address the unlawful removal of property, the lack of authority for that removal, or the failure to provide required documentation.

To be clear: My January 9th communication was a **complaint**, not a data request. Forwarding it without review or response does not resolve the matter and does not meet the City's obligations.

At this point, due to the continued lack of response, I will be forwarding this matter to the appropriate oversight authorities and pursuing action to recover or replace the property that was unlawfully taken from my residence.
