To

Saint Paul City Council

I ask that the ratification of assessment (file number VB 2602 Assessment NO 268901) be withdrawn from consideration at today's city council meeting for the following reasons:

1. There is confusion as to the dates of this assessment. At the appeal hearing MS moreman stated that this assessment was for the period June 25, 2025 through June 24, 2026. This is recorded in the hearing minutes as correct.
2. However, the legislation text I was given states 2 very different dates!  
"Unpaid VB fee billed during 5/9/23 to 8/14/23" You have already assessed me for this time period and I have paid this assessment.

see next page

The second set of dates in the legislative text are in the first "whereas" paragraph. They are February 12 to May 22, 2025; May 22, 2025 was almost 9 months ago. So this is a retroactive assessment that was not ratified in the year it was accrued and may be illegal.

3. Due to the clear misstatement of MS moreman in the appeal hearing I ended up trying to defend myself from an assessment that was different than what was actually proposed. Her misstatement prevented me from commenting on the actual proposed assessment. Therefore I ask that action be postponed until I am allowed my due process right to comment of your actual proposal.

I reserve the right to appeal this to district court if my concerns in this matter are not heard.

To the best of my knowledge  
The above is true and correct
