

11/20/25 ①

To Whom it May Concern,

As I was given only 50 hours notice of this hearing, I am unable to attend.

How did you notify my neighbors that didn't respond on 15 days of this hearing? ~~the~~

Jeff Hochback's letter dated 10/28/25 writes in BOLD letters to call him or Tom Ferrara with any questions. I'm still waiting to hear 6 days later, including weekends, like Jeff's letter dated 10/28/25 of 15 days. I have not received a return phone call. Yet they did notify the city council about my letter and phone message.

I have written my letter of concerns. During my first phone call from the City Council, I was reminded four (4) times that my letter was 6 pages ~~long~~ long! Yet I didn't mail my letter to the city council.

I would like the contact info for the electrician that installed the light pole in the parking lot.

As the light pollution from that light is illegal, I'd like to get one installed in my backyard. My privacy fence

(2)

doesn't keep out the raccoons, opossums, thieves or criminals running away from the police.

I requested to have the ~~for~~ traffic safety studies done for 1324 W 7th explained to me at this hearing.

Perhaps that is why no one has returned my phone calls. Because the current traffic issues have not been fixed before causing more issues knowing there is not adequate parking? I know, the council voted to not care about adequate parking concerns.

Jeff Fischbach's letter dated 10/28/25 that gives neighbors 15 days to respond included 2 weekends and a National Holiday in those 15 days.

I was given 50 hours notice of this hearing and my neighbors weren't notified at all.

Could you all be more insincere and secretive? No wonder I was the only one to respond, everyone knows the plans were already finalized and any input from the neighborhood never mattered.

Best of luck with the safety issue you created. You seem to have forgotten ~~why~~ the MTC bus stops were
why

(3)

removed at W 7th + Victoria. Too many accidents and deaths!

Thank you to whoever reads this on my behalf. First 9 days notice and then 30 hours, I couldn't make your hearing.

Susan Sauter
691 S. Victoria St.

this letter was 2 1/2 pages. I numbered these pages also! LOL. Just so no one feels the need to tell me how many pages 4x again.

Also, please let me know where I can view this meeting after the fact -

Tax
