Re: RES 23-361

Council President Brendmoen and Councilmembers:

I am writing on behalf of the Saint Paul Port Authority to express our full support for the Snelling-Midway Redevelopment, LLC's request for an interim use permit for a temporary parking lot at 1566 University Avenue West.

As a project partner, we are committed to the success of the entire project and want to express our appreciation to the HRA for adopting the Tax Increment Financing (TIF) plan and establishing the TIF district. Without these actions, the project would not be financially feasible.

Furthermore, as an economic development agency, we see the value in the influx of jobs and tax revenue this project will bring to the City of Saint Paul. As such, we encourage you to approve the resolution put before you today.

Sincerely,
