Permit Fee	85.00
Surcharge A	1.00
TOTAL	$86.00

Questions on service location or requirements, call Xcel at 1-800-628-2121. Minnesota Rules 3801.3780 Subpart 1 requires installers of electrical installations to schedule a final inspection. This permit is a fee for service and does not guarantee an unlimited number of inspections. Excessive inspection requests may incur additional permit fees. Under St. Paul Legislative Code 33.04(d), any permit that has been inactive for over 180 days shall be expired by limitation, unless an extension has been applied for. Under Minnesota Rules Section 3801.3780 Subpart 2, permits with a fee of $250 or less expire one year after issuance, regardless of whether the work is completed or not. A new permit would have to be obtained for the completion and approval of the work. All electrical permits processed after July 1, 2023 are now under the 2023 National Electrical Code.
