Hey my name is William Kroger 1586 Nebraska Ave. East Saint Paul kind of residence, Saint Paul for close to 40 years. And just want to let you know, I am sick and tired of my property taxes going up every year. And I need you to know that you guys, the council, need to do something about these increases and fees and whatnot is just getting out of hand. And this Melvin Carter is just absolutely ridiculous. All he is worried about is I don't know if this is in your agenda or not but giving kids money blah blah blah the Rondo people blah blah blah. I work, my wife works and we have a hard time just it's just getting ridiculous. Anyways, these levees and everything else ridiculous. Anyways, we need to do something about it. And there's a lack of plowing. The biggest pet peeve I have. He has money for all this stuff and I notice this. Trees get plowed every year no problem and I have blocked. And yes I know where he lives, the streets always plowed down and I don't need to hear about how it's as St. as a thing for 61 streets. Doesn't matter to me. Our streets are not getting plowed. We pay the money trees need to get plowed. It's getting absolutely ridiculous. At least you're on the east side but is paying everything. I think our every fees and have been up 300% in the last how many years? I mean if you guys want to stay in office you better do something because I know you've been voted in multiple times but people are going to get sick and tired of people are getting sick and are sick and tired. You want to stay in office I would do something about this. Thanks for your time I.
