Subject: Obtaining a new building permit - 233 Maryland Ave W

Good morning, Clint.

I hope your day is off to a great start. I'm reaching out to follow up on our last inspection, which took place on Thursday, March 28th.

I will be obtaining a new building permit to complete the following tasks:

- Complete and finish the window edges (all around) of the main entrance porch.
- Completely close the opening wall for the window in the main entrance porch.
- Install waterproof flooring in the kitchen, bathrooms, and throughout the rest of the house.
- Install trims throughout the entire house and add quarter shims if needed.
- Install stair railing handles in the basement and on the second floor.
- Install a guardrail and handrail for the outside porch.
- Install doors.
- Install two doors on the second level for attic entrance.

Please let me know if I missed anything. As soon as I get the green light from you, I pull the permit.

Thank you so much.
