Aun,

Thank you for contacting us regarding your account for the property at 1796 Nevada Ave E, Saint Paul, MN 55119.

We were not notified by the property owner or the previous hauler about a service hold for this occupied property. Per City Ordinance, each unit at a property (for buildings with 2-4-units) must have their own garbage cart.

Our billing specialist will review your account and investigate the charges. You can expect a response with a resolution within one week. If you are not satisfied with the outcome, you may request a legislative hearing to dispute the charges.

Please let us know if you have any additional information that may assist us with the review.

Thank you,

Megan

Hello

Thank you for reaching out to the city of Saint Paul about your garbage bill. Waste Management informed us there is a 64 gallon cart at the property.

You said you have not had service in over two years. Why did you not have service? What have you been doing with the trash at the property?

Thank you,

Jillian

This is taken outside the back of my house. The only thing we have there is the recycling. Are the recycling being charged now? The reason for not using the trash service because no one actively lived there.

Hi Aun

Ok, you stated no one actively *lived* there. Does that mean someone living there now? Also, yes, recycling is being charged now, but it is part of property taxes. If you cancel recycling service you will still be charged the annual fee on property taxes.

Right, no one is actively living at the address.

Hi again Aun

OK, sounds good. It seems like we should place a hold on the account. We have two types of holds. A long term and a short term hold. How long do you think you will need the hold for?

Thank you,

Jillian
