CITY OF SAINT PAUL
DETOUR AGREEMENT
For Trunk Highway No. 51 Detour**

State Project Number (S.P.):	<u>6215-114</u>	Original Amount Encumbered
Trunk Highway Number (T.H.):	<u>51=125</u>	\$2,510.01
State Aid Project Number (S.A.P.):	<u>164-010-088</u>	
Federal Project Number:	<u>STBG 6224(098)</u>	

This Agreement is between the State of Minnesota, acting through its Commissioner of Transportation ("State") and the City of Saint Paul acting through its City Council ("City").

Recitals

1. The State is about to perform bituminous mill and overlay, ADA improvements, and signal construction upon, along, and adjacent to Trunk Highway No. 51 from St. Clair Avenue to Grand Avenue under State Project No. 6215-114 (T.H. 51=125); and
2. The State requires a detour to carry T.H. 51 traffic on Grand Avenue, Hamline Avenue, and St. Clair Avenue during the construction; and
3. The State is willing to reimburse the City for the road life consumed by the detour as hereinafter set forth; and
4. Minnesota Statutes § 471.59, subdivision 10, § 161.25, and § 161.20, subdivision 2(b), authorize the parties to enter into this Agreement.

Agreement

1. Term of Agreement

- 1.1. *Effective Date.*** This Agreement will be effective on the date the State obtains all signatures required by Minnesota Statutes § 16C.05, subdivision 2.
- 1.2. *Expiration Date.*** This Agreement will expire when the State removes all detour signs, returns the temporary Trunk Highway detour to the City, and pays for the detour compensation.

2. Agreement Between the Parties

2.1. *Detour.*

- A. *Location.*** The State will establish the T.H. 51 detour route on the following City streets as detailed in the project plans or Special Provisions:

Grand Avenue, Hamline Avenue, and St. Clair Avenue for a total distance of 1.39 miles.

- B. *Modification of the Detour Route.*** The State may modify the detour route or may add additional roadways to the official detour during construction. The State will request concurrence from the City for changes to the detour route. If such change increases the States total payment amount over the maximum obligation in Article 3.2, the Agreement will be amended.

- C. **Axle Loads and Over-Dimension Loads.** The City will permit 9-ton axle loads on the detour route. Over-dimension loads will not be permitted except in cases of extreme emergency.
- D. **Traffic Control Devices.** The State may install, maintain, and remove any traffic control devices it considers necessary to properly control the detoured traffic. The State may paint roadway markings, such as the centerline, edge lines, and necessary messages.
- E. **Detour Maintenance.** The State will perform any necessary bituminous patching and ordinary maintenance on the roadway or shoulder of the City streets used for the detour, at no cost or expense to the City. Bituminous patching is defined as any work, including continuous full width overlays, less than 100 feet in length. All State expenditures beyond those required for bituminous patching and ordinary maintenance will be credited against the road life consumed reimbursement due the City.
- F. **Duration.** The State will provide the City with advance notice identifying the dates the State intends to place and remove the detour signing.

2.2. **Basis of State Cost (Road Life Consumed).** The State will reimburse the City for the road life consumed by the detour using the following methods, as set forth in the Detour Management Study Final Report dated January 1991, and updated by MnDOT's Policy on Cost Participation for Cooperative Construction Projects and Maintenance Responsibilities between MnDOT and Local Units of Government.

- A. The "Gas Tax Method" formula, multiplies the Combined Tax Factor per mile times the Average Daily Traffic ("ADT") count of vehicles diverted from the Trunk Highway times the city street length in miles times the duration of the detour in days to determine the State's cost for the road life consumed by the detour. If an ADT changes, the parties will amend the Agreement.
- B. The City may, at its option, perform an "Equivalent Overlay Method" analysis. A State-approved firm, at no cost or expense to the State, must perform the testing and analysis. The City will keep records and accounts to verify any claim it might bring against the State for additional costs using the "Equivalent Overlay Method".

3. Payment

3.1. **For Road Life Consumed.** \$2,510.01 is the State's estimated cost for the road life consumed by the detour based on the data below:

<u>Route</u>	<u>Tax Factor</u>	<u>ADT</u>	<u>Road Length (Miles)</u>	<u>Duration (Days)</u>	<u>Cost</u>
Grand Ave, Hamline Ave & St. Clair Ave	0.00513	17,600	1.39	20	\$2,510.01

Road Life Consumed Amount: \$2,510.01

The State's total payment for the road life consumed by the detour is equal to the amount computed by using the "Gas Tax Method" formula plus any amount determined by using the "Equivalent Overlay Method" analysis that is in excess of twice the "Gas Tax Method" amount.

- 3.2. **Maximum Obligation.** \$7,500.00 is the maximum obligation of the State under this Agreement and must not be exceeded unless the maximum obligation is increased by execution of an amendment to this Agreement.
- 3.3. **Conditions of Payment.** The State will pay the City the State's total road life consumed payment amount after performing the following conditions.

- A. Execution of this Agreement and the City's receipt of the executed Agreement.
- B. State's encumbrance of the State's total payment amount.
- C. State's removal of all detour signs.
- D. State notifies the City of the removal of the detour signs, and the number of days the detour was in effect.
- E. State's receipt of a written request from the City for payment.

4. Release of Road Restoration Obligations

By accepting the State's road life consumed payment plan and total payment amount, the City releases the State of its obligation, under Minnesota Statutes § 161.25, to restore the city streets used as a T.H. 51 detour to as good of condition as they were before designation as temporary trunk highways.

- 6.2. **Amendments.** Any amendment to this Agreement must be in writing and will not be effective until it has been executed and approved by the same parties who executed and approved the original Agreement, or their successors in office.

7. Liability

The City and State will be responsible for their own acts and omissions, to the extent authorized by law. Minnesota Statutes § 3.736 governs the State's liability. Minnesota Statutes, Chapter 466 governs the liability of the City.

8. State Audits

Under Minnesota Statutes § 16C.05, subdivision 5, the City's books, records, documents, and accounting procedures and practices relevant to this Agreement are subject to examination by the State and the State Auditor or Legislative Auditor, as appropriate, for a minimum of six years from the end of this Agreement.

9. Government Data Practices

The City and State must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided by the State under this Agreement, and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the City under this Agreement. The civil remedies of Minnesota Statutes § 13.08 apply to the release of the data referred to in this clause by either the City or the State.

10. Governing Law; Jurisdiction; Venue

Minnesota law governs the validity, interpretation, and enforcement of this Agreement. Venue for all legal proceedings arising out of this Agreement, or its breach, must be in the appropriate state or federal court with competent jurisdiction in Ramsey County, Minnesota.

11.2. *Termination for Insufficient Funding.* The State may immediately terminate this Agreement if it does not obtain funding from the Minnesota Legislature, or other funding source; or if funding cannot be continued at a level sufficient to allow for the payment of the services covered here. Termination must be by written or fax notice to the City. The State is not obligated to pay for any services that are provided after notice and effective date of termination. However, the City will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed to the extent that funds are available. The State will not be assessed any penalty if this Agreement is terminated because of the decision of the Minnesota Legislature, or other funding source, not to appropriate funds.

11.3. *Suspension.* In the event of a total or partial government shutdown, the State may suspend this Agreement and all work, activities, performance, and payments authorized through this Agreement. Any work performed during a period of suspension will be considered unauthorized work and will be undertaken at the risk of non-payment.

12. Force Majeure

No party will be responsible to the other for a failure to perform under this Agreement (or a delay in performance), if such failure or delay is due to a force majeure event. A force majeure event is an event beyond a party's reasonable control, including but not limited to, unusually severe weather, fire, floods, other acts of God, labor disputes, acts of war or terrorism, or public health emergencies.

13. Counterparts

The parties may sign this Agreement in counterparts, each of which constitutes an original, but all of which together constitute one instrument.

14. Electronic Signatures

The parties agree that the electronic signature of a party to this Agreement shall be as valid as an original signature of such party and shall be effective to bind such party to this Agreement. The parties further agree

that any document (including this Agreement and any attachments or exhibits to this Agreement) containing, or to which there is affixed, an electronic signature shall be deemed (i) to be "written" or "in writing," (ii) to have been signed and (iii) to constitute a record established and maintained in the ordinary course of business and an original written record when printed from electronic files. For purposes hereof, "electronic signature" also means a manually signed original signature that is then transmitted by any electronic means, including without limitation a faxed version of an original signature or an electronically scanned and transmitted version (e.g., via PDF) of an original signature. Any party's failure to produce the original signature of any electronically transmitted signature shall not affect the enforceability of this Agreement.
