Greg

Thank you for the reply!

I guess I didn't understand the process but yes, if you can use my email as a filed objection, please do. If there's a different process, please enlighten me and I will get on that tomorrow.

Again, thank you for the prompt interested response.

Best regards

Hi Scott,

Would you like to file this as an objection to the license application? It would automatically trigger a hearing where concerns you have could be discussed with the applicant and a hearing officer. I just want to clarify.

Thanks!

Subject: Regarding Liquor License for property at 560 7TH W.

Legislative Hearing Officer

The owners or at least current occupants of this property show very little regard

for the neighborhood or the external aesthetics and safety of the property at 560 7th W. They are seemingly incapable of maintaining the property, i.e. sidewalk snow removal, landscaping, lawn mowing. I'm afraid of what can be expected if they are responsible for individuals intake of alcohol but I would wager it would not be good.

We have 7 bars and one liquor store within three blocks of this establishment and I believe the addition of yet another alcohol source is unneeded. If it's liquor that is required to sell whatever they are selling, maybe the business plan should be reviewed and not the need for a liquor license.

We have a large number of children in the neighborhood and they do not need to be witness to another group of half or completely intoxicated individuals.

I know this request will taken very seriously and so will any feedback.

Best Regards
