Hello, My name is Tom Wells. I live at 929 Selby, across the street from 934 Selby. I am writing this letter to support the license application submitted( with qualifications) by Golden Thyme Restaurant and Bar. The license # is 20250000218. According to the business plan, which was explained to me by Jeff Fischbach, the owners would like to be open until 9;00 PM most evenings with a Jazz Brunch on Sundays. I wholeheartedly support this plan. My concern is that the license applied for allows for closure up until midnight, which I am not in support of. Is there a way that restrictions could be placed on the closing time?  
Sincerely, Thomas Wells 612 743-8539
