Hello Mr. Wilcox,

You attended a Legislative Hearing back 6/17/25 and the matter was continued several times to see if we can access history of any pending violations. At that time the hearing officer recommended reducing the assessment from \$389 to \$169 and then delete if there are no same or similar violations. To date, we are still lacking the ability to lookup information; therefore, at today's City Council meeting, the recommendation will go to Council to delete. No need to attend and sorry for the late notice.
