Think Before You Click: This email originated outside our organization.

I've attached three images of the yard for today's hearing.

- **Facing North:** We removed the brush by the southwest arborvitae.

The couch was also moved into the shed weeks ago.

- **Facing West:** The squirrel feeder was removed from the maple tree.
- **Facing South:** The brush against the garage was moved to the brush & lumber pile next to the shed.
- **Garage Closeup:** all brush has been removed.
- **Shed:** The brush & lumber pile under the pine tree has been improved - but it's incomplete.
 - The pile has been partially lifted off the ground.
 - The trunk section has been placed on top of a palette. More palettes are on the way!
- **Front Yard:** The sunflower seed shell pile is thinning - we're getting ready to transport off the property.
